

## OLD FASHIONED GOSPEL TRIUMPH

Great Christian Awakening in First Presbyterian Church an Interesting Object Lesson

### EASTER SERVICES DRAW CROWDS

Work of Rev. D. C. Jones Building Up Strong Congregation with the Bible as Its Firm Basis

The often repeated question "Does the old fashioned Gospel still draw?" is being answered in the First Presbyterian church of this city. The answer is in the form of the response that is being made to the work of the pastor, Rev. D. C. Jones.

Reverend Jones is a man of rare endowment for his work. He has the power to command attention and a direct manner of appeal, coupled with spirituality that exalts him without creating that aloofness so often fatal to the pastor. Of all his talents the gift of earnestness is perhaps his most compelling quality. These inherent gifts have been enhanced by cultivation, for the pastor was graduated from the Princeton seminary and is a post-graduate of the college, where he was a pupil of Woodrow Wilson, now president of the United States. Attention is called to his pastorate at this time by a series of meetings which will extend through the coming week and which is drawing large audiences.

Reverend Jones is answering other questions which confront the pastors of the day, as follows:

Can the pastor be his own evangelist?

Can he and his people create a religious awakening?

Can the church today interest and hold the workingman and his family?

Does the Gospel improve the moral condition of the community?

The large and interested attendance of the meetings now being conducted by Reverend Jones answers the first and second of these questions. It is truly awakening people. It promises splendid results, for Easter will undoubtedly see a substantial increase in the church membership.

The third question is answered in the affirmative by the fact that for many months the church has been crowded at regular services by people upon whom the spell of impassioned preaching has fallen.

The fourth question is most reassuringly answered by the history of the four years during which Pastor Jones has presided here. During that time 208 new members have been added to the church, more than half of whom are wage earners, and the membership is now swelled to 420, with prospects for the big increase of Easter morning.

Reverend Jones preaches "the old fashioned gospel." His success seems to demonstrate that the Bible is the foundation upon which men may build churches. It is appreciation of that fact that caused the pastor to join with the men of the congregation in starting a men's class for Bible study and Christian service, of which there are at present fifty members.

Under his leadership a Mother's Circle, composed of nearly a hundred mothers and wives, has been established, meeting several times monthly in the parlors to sew and plan benevolent work among the needy.

Rev. Jones is well known in Wisconsin, having served churches in Eau Claire, Superior, Rice Lake and Manitowish. To the latter church he recently had an urgent call, which he declined and will continue his work in La Crosse.

### DOG CAUSES BOY'S DEATH

CHICAGO, March 12.—"Buddy," a bull dog who couldn't understand that his playfulness had cost his young master's life, today refused to be driven away from the coffin in which lay Ralph Nelson, aged 6 years. The little fellow was leading the dog across a busy street. Suddenly "Buddy" tugged at the chain and dragged the boy in front of a street car. He was ground to pieces.

### MILLIONAIRE'S WIFE POOR

CHICAGO, March 13.—"I had so little money that I had to ask the servants for car fare. I was forced to feed a family of eight on \$15 a week.

In substance these are the allegations made by Mrs. James P. Sherlock today, following her filing of complaint for divorce. Her husband is the millionaire president of the Illinois Nail company and is an owner of land in Wisconsin and Florida.

### TOGA DEAL FAILS

SPRINGFIELD, Ill., March 13.—Refusal of the progressives to join with the republicans today in a deal for the election of Sherman (republican) to the long term senatorship, and Funk (progressive) to the short term, after an agreement had been reported, caused a continuance of the deadlock. It is possible the deal will be put through tomorrow.

## WOMEN THREATEN TO SPOIL REGATTA

LONDON, March 13.—Rowing authorities were worried today for the safety of the boats which will be used when Oxford and Cambridge meet on the Thames for the seventeenth "battle of the Blues."

The suffragettes have announced their intention to "get" either the oarsmen or their boats, so the sheds at Putney have been placed under extraordinary guard. In former years, visitors were allowed to enter the boat houses and inspect the racing craft, but this year only those with unimpeachable credentials are admitted and then only under the closest surveillance. Although crews are not greatly alarmed on their own account, they are not taking any chances with their boats. It would need only one or two sound blows to knock holes in them.

The suffragette threat, "No votes, no boats, and no boat races," was made several days ago in a pamphlet.

## SEVEN DIVORCES ON THE CALENDAR

Thirty Applications for Citizenship to Be Presented at May Term of Circuit Court

Motion day, March 29, will see seven divorce cases brought up before Circuit Judge E. C. Higbee. The cases are those of Edgar M. Frame versus Margaret Frame; Carrie Cordell versus L. P. Cordell; Peter Peters versus Fred Peters; William Hall versus Ida Hall; Walter Russell versus Bertha Russell; Gertrude Schimmerhorn versus Claude Schimmerhorn.

The provision of the naturalization law which provides that second citizen papers are necessary to exercise of the voting privilege will bring about thirty applications for citizenship before Judge Higbee at the May term of court.

Men born abroad who have been voting since their arrival in this country on their first papers, or "declaration of intention," are rushing to complete their citizenship, a large number of them being disbarred from the municipal election this spring. It is expected that there will be many similar applications for decision at the October term of court.

### CATCH WANTED ITALIAN

MILWAUKEE, Wis., March 13.—Chief of Detectives Sullivan today established the identity of the Italian captured late Wednesday night, suspected of being implicated in the Ronzio murders. Confronted by Severino, who is under arrest charged with the murder, the Italian admitted he was Alfred Maggioro, the second boarder at the Ronzio home. He is Severino's roommate. The arrest of Maggioro the police say, completes the chain of evidence and the officers believe they will have no trouble convicting the Italians.

### TRAIN HITS CAR

YOUNGSTOWN, O., March 13.—A passenger train on the Pittsburgh & Lake Erie railroad struck a street car at West Lake crossing this afternoon, killing one man and injuring nineteen. The man killed was Watkins Probert.

## FIGHT BATTLE ON MEXICAN BORDER

Single Street in Center of Nogales Divides United States from Mexican Fighting

NOGALES, Ariz., March 13.—The long delayed battle between constitutionalists and federalists at Nogales, Sonora, across the border from here began this morning. The rebels opened fire in the hills south of the town, the federalists replying with machine guns and rifles. General Obregon commands the constitutionalists and Colonel Kosterlitzky the federalists.

Nogales, Mexico, and Nogales, Ariz., constitute a single settlement, a street marking the international boundary. United States regulars are patrolling this street, endeavoring to keep the Americans back out of range.

DOUGLAS, Ariz., March 13.—Gallies, commanding the constitutionalists, who have occupied Agua Prieta, today urged all Mexican refugees here to return to Agua Prieta and they would be assured protection. Gallies established a strong patrol in the streets of the Mexican towns and promised that order will be strictly maintained. He declares that a number of the federalists under General Ojeda, who evacuated the town at the approach of the constitutionalists have joined the rebel forces.

## CAN'T BALK WAGE LAW FOR WOMEN

State Street Merchants' Decision to Give Voluntary Increase Does Not Affect Solons

### SUGGESTS CONFERENCE OF STATE

Governor Dunne Would Have Legislators of Middle West Set Uniform Limit

SPRINGFIELD, Ill., March 13.—Enactment of a minimum wage law for women will not be balked by a counter move on the part of Chicago merchants who employ girls, Lieutenant Governor O'Hara announced today.

O'Hara, who heads the Illinois senate white slave committee that turned its searchlight upon the payrolls of the big employers of girls and women, learned today that the Chicago employers expect to forestall minimum wage legislation by voluntarily raising wages of girl and women employees to a minimum of \$3 a week. The wage bill already introduced in the Illinois legislature provides for \$12 a week.

"An agreement among State street merchants in Chicago would affect only a small proportion of girls and women who are working for starvation wages in Illinois," said O'Hara. "It would be good as far as it went, but any movement of that kind would be too narrow in its scope."

Governor Dunne declared today he was in favor of calling upon legislators of all the middle western states to appoint committees to sit in a conference and decide upon a uniform minimum wage law for women and girl employees in the central states.

### TO PROBE WORK CONDITIONS

JEFFERSON CITY, Mo., March 13.—A commission authorized to inquire into the condition of working men, women and children will be appointed from the members of the legislature in compliance with a resolution which will be introduced in the state senate this afternoon.

### BUCHANAN FUNERAL TO BE HELD MONDAY

The funeral of Miss Augusta Buchanan, who died in Los Angeles, Cal., last Sunday, will be held from the residence of A. J. Freimark, 821 South Eighth street, and from the First Baptist church Monday afternoon. The body was sent from Los Angeles Wednesday night and is expected to arrive in La Crosse next Sunday evening. Interment will take place in Oak Grove cemetery.

### WOULD FORCE TESTIMONY

NEW YORK, March 13.—A definite move to force Annie Gray, whose real name is Mrs. Robert Ulmer, and her husband, Robert Ulmer, once a New York policeman, but now a lawyer, to tell what they know about police grafting was made this afternoon. The grand jury returned indictments against both the man and woman, who are said to be in Atlantic City, charging them with keeping a disorderly house.

Atlantic City authorities were wired to arrest the couple. As keeper of a dozen fashionable dives Annie Gray is declared by District Attorney Whitman to have paid upwards of a quarter of a million dollars for police protection in 30 years.

### BROKER PUT OFF BOARD

CHICAGO, March 13.—The expulsion of Frank M. Bunch from the Chicago board of trade created a sensation among business men when it became known today. Bunch, who was president of the board in 1912 and had been prominent in its affairs since 1894, was expelled last night on the charge that he had taken trades for his own or his firm's account instead of executing them on the open market. He came here from Peoria, Ill., in 1894.

### I. W. W. LEADER JAILED

PATERSON, N. J., March 13.—Serious trouble between the striking silk workers, the strikebreakers and the police seemed imminent today, following the sentence of Carlo Tresca, organizer of the Industrial Workers of the World, to sixty days in jail, on a disorderly conduct charge and holding him in \$3,000 bail for grand jury action on a charge of inciting to riot. The lawyers for the strikers were today preparing papers in an appeal.

### CYCLONE WRECKS TOWN

SHREVEPORT, La., March 13.—Provençal, a little town 30 miles south of here, was practically wiped out by a cyclone at noon today. Three persons are known to be dead and fifteen hurt. Nearly every house was razed. Wires are down and details are meager. A relief train with physicians, food and tents is being rushed to Provençal from Shreveport.

## RUSH TO PAY FINE FOR ROSIE

NEW YORK, March 13.—Rosie Eisenberg's popularity was the topic of conversation among her many friends and admirers. To begin with, Rosie was popular with Joseph Karmel, so much so that Joseph's wife sued for \$10,000 for alienation of her husband's affections. Before Justice Hooker and a jury in the supreme court, Rosie explained that as soon as she discovered that Joseph had a wife and child she sent him about his business. The jury looked tenderly into Rosie's pretty face and dreamy eyes and returned a verdict of \$1 in favor of Mrs. Karmel.

"I wish to say that I will pay the \$1 myself," said the foreman of the jury in announcing the verdict.

Several others made similar offers.

"It will please counsel for the plaintiff," put in Mrs. Karmel's attorney, "to pay the damages ourselves."

Rosie's lawyer put a quietus on the rush of applicants by announcing that he would pay the \$1, which he did.

### ALLIES HOPE TO TAKE HOLY CITY

Hold Up Answer to Powers Pending Expected Occupation of Adrianople Today

### COMMANDER OF CITY DESPAIRS

Wirelesses Constantinople that He Cannot Hold Out More Than a Week More

LONDON, March 13.—The reply of the Balkan alliance to the offer by the great powers to mediate in the Balkan-Turkish war again was held up today, presumably because the allies hoped to take Adrianople before nightfall, and thus eliminate the discussion of that city's fate from the peace negotiations.

Dispatches today from Sofia indicated that the Bulgarians hoped to enter Adrianople today or tomorrow at the latest, and in Constantinople it was said that Shukari Pasha, commander of the beleaguered holy city had wirelessed the port that he could hold out not more than one week longer.

The Bulgarians today claimed that they had taken Hertentaria, one of the fortresses of Adrianople and captured 400 Turkish soldiers and 20 officers.

### STOCK ISSUE IS SELLING RAPIDLY

\$20,000 Preferred Stock in Hans Company Expected to Be Subscribed This Week

The board of trade committee on manufactures that has in hand the floating of the \$20,000, seven per cent stock issue of the Hans Motor Equipment company, will probably dispose of all the stock before the end of the week according to a statement by Secretary J. L. Utermoehl today. The stock which is issued in \$20 shares is said to be selling very rapidly and the committee believes it will be all subscribed before next Monday. Business men and capitalists throughout the city are taking up the new issue in the belief that the north side factory's work and prospects make it an unusually good investment.

A site for the new \$20,000 factory which will be built by the board of trade will be chosen as soon as the stock is all subscribed and the company fulfills its terms in the contract with the board. The company has agreed to make an appraisal and inventory on its stock and properties on or before April 1 and to allow the board to name one member on the board of directors.

Shares in the \$20,000 preferred stock issue may be procured from the following members of the committee: W. F. Hurtgen, George Zeisler, B. C. Smith, John M. Holley, Jr., John A. Elliott, J. F. Felber and Peter Newburg. J. F. Saltz and Robert Lowry have undertaken to assist the committee in the sale of stock on the north side. Stock may also be secured at the office of J. L. Utermoehl, secretary of the board of trade.

The motor equipment company's rapid growth since its establishment in La Crosse a year and a half ago makes the building of a new and larger factory imperative. It is considered in business circles as one of the coming industries of the city and the board of trade is doing everything in its power to furnish the capital required in its rapid development.

### PASS MOTHERS' PENSION

ST. PAUL, Minn., March 13.—The mothers' pension bill passed the house today by a vote of 81 to 12. The vote was taken after a spirited fight against the bill, led by Representatives Thomas Frankson and F. L. Kiemer. Representative W. A. Campbell, the author, assisted by several other members, made a gallant fight for its passage, winning out by a large margin.

### WILSON NAMES MARSHALL

WASHINGTON, March 13.—President Wilson decided today to appoint Captain Bill McDonald of Texas U. S. marshal in the northern district of the Lone Star state. McDonald acted as volunteer guard for Wilson in the campaign.

### CHOOSE HOLLS SENATOR

CONCORD, N. H., March 13.—Henry F. Hollis, democrat, was today elected United States senator from New Hampshire, receiving 189 votes with 186 necessary for election.

### WILSON NOMINATES FOUR

WASHINGTON, March 13.—President Wilson this afternoon nominated Edward F. Sweet of Grand Rapids, Mich., to be assistant secretary of commerce; Franklin D. Roosevelt of New York to be assistant secretary of the navy; John Skelton Williams of Virginia to be assistant secretary of the treasury; Beverly T. Galloway of Washington, D. C. to be assistant secretary of agriculture.

## RECONSIDERS HIS REFUSAL OF POST

Wilson Persuades McCombs Not to Definitely Turn Down French Ambassadorship

### DOES NOT WANT APPOINTMENT

Definite Decision Will Not Be Made Until the Extra Session Meets

WASHINGTON, March 13.—National Democratic Chairman McCombs told President Wilson today he did not want a diplomatic appointment but withheld his definite decision to such an appointment on the executive's persuasion.

The president told McCombs he was very anxious to have him accept the ambassadorship to France; that it was his earnest desire to have men of McCombs' type as America's foreign representatives.

Upon Wilson's urgent request, McCombs promised to take under advisement his acceptance of such an appointment until the special session of congress convened. The democratic chairman said he preferred to remain in New York in private business.

### BOSTON, Mass., March 13.—Louis D. Brandeis will not accept any public office. This was definitely learned today at the attorney general's office, where he admitted that it is true that he will not accept office, but said he had not, nor did not intend to issue any statement regarding the matter.

### BRANDIS WAS ORIGINALLY THOUGHT TO BE A CABINET CERTAINLY AND HAS SINCE BEEN CONSIDERED FOR SEVERAL OFFICES. HE HAD BEEN OFFERED THE POST OF INDIAN COMMISSIONER.

### VIRGINIAN APPOINTED

WASHINGTON, March 13.—John Skelton Williams of Virginia was today appointed assistant secretary of the treasury by President Wilson. The formal announcement to this effect was given out by the president following a conference today with Senators Martin and Swanson of Virginia.

### BOUGHT ROAD TO GET COAL LANDS

CHICAGO, March 13.—Albert C. Frost was so desirous of getting possession of Alaska's coal lands under government patents that he bought outright the Alaska Central railway, tapping the valuable coal ore regions, according to O. G. Labaree of Spokane, Wash.

Labaree, a former associate of Frost, testified today in the trial before Federal Judge Landis of Frost and four other associates, charged with defrauding the government out of Alaska coal lands valued at \$10,000,000 by the use of dummy entries.

### GETS LIGHT SENTENCE

COUNCIL BLUFFS, Ia., March 13.—Accompanied by her husband and two small children, Mrs. Florence Gamble of Boone, Iowa, who recently pleaded guilty in federal court on a charge of using the mails to defraud men whom she promised to marry, today was sentenced by Judge Smith McPherson to pay a fine of \$500 and serve sixty days in the county jail. Judge McPherson imposed practically the minimum sentence for such an offense.

### FORMER RESIDENT DIES IN PASADENA

News of Death of Eugene Wiggernhorn in California March 11 Received by Relatives Today

Eugene Wiggernhorn, formerly a prominent cigar manufacturer of La Crosse, died March 11 at his home in Pasadena, according to word received here today by relatives. Mr. Wiggernhorn's death was due to a complication of diseases. He has been ill more than a year.

Eugene Wiggernhorn was born in Westphalia, Germany, May 12, 1839. He came to America with his parents, Mr. and Mrs. William Wiggernhorn, in 1848, and settled in Watertown, Wis., where the elder Wiggernhorn operated a hotel. Eugene Wiggernhorn learned the cigar makers trade in Watertown, and in 1857 set up in business for himself.

In 1866, after the death of his parents, Mr. Wiggernhorn moved to La Crosse, and became a member of the big cigar manufacturing firm of Pamperin and Wiggernhorn. He continued in business until 1889, when he retired because of ill health and moved to Pasadena.

At the time of his death in Pasadena, his wife, two sons, Guido and Hilmer, and a daughter, Mrs. E. X. Borreson, were at his bedside. He is also survived by William A. Wiggernhorn, Chicago, and Percy C. Wiggernhorn, Minneapolis. What funeral arrangements will be made are not known by relatives here.

## PULITZER TO SUE GAYNOR FOR LIBEL

NEW YORK, March 13.—When Magistrate Kernochan will issue a warrant for the arrest of Mayor William J. Gaynor for criminal libel on the application of Ralph Pulitzer will be decided by Saturday. The magistrate has reserved decision on the affidavits submitted by the newspaper publisher which set forth that in a public speech before the South Brooklyn board of trade Baynor libeled the late Joseph Pulitzer. It is alleged in the affidavits presented that in this speech Gaynor said: "Joseph Pulitzer amassed a fortune of \$50,000,000 by blackmail and indecency."

The magistrate said that there was not sure that libel would lie in the statement complained of although slander might. In a statement explaining his position Ralph Pulitzer said that he did not care how much he personally and his publications might be libeled by the mayor, but that he would defend the reputation of his dead father.

### BEGIN ARRESTS IN BIG "ARSON RING"

At Least Dozen Insurance Adjusters and Merchants Are to Be Arrested

CHICAGO, March 13.—Warrants for the arrest of at least a dozen Chicago merchants and insurance adjusters, charged with being connected with the "million dollar arson trust" it was expected would be issued today.

A score of detectives, working under Assistant State's Attorney Johnson, reported today the results of a checking up of the confessions made by Benjamin Fink and John Danies, agents for rival "arson gangs," composed of merchants and fire insurance adjusters.

The first arrest was made last night when Henry Cohen, insurance adjuster, charged with complicity in the firing of a house in Chicago, was taken into custody and later released on \$25,000 bail. The house is known as the "house of many flames" because it has been gutted by fires five times and the loss paid by insurance companies.

### BAR POPULAR SONGS

CHICAGO, March 13.—"Kitchen Kees," "In My Harlem," and "At the Devil's Ball," three popular songs, will be barred from programs of the dances held by University of Chicago students, if Miss Marion Talbot, dean of women, has her way. But the "Tango" can stay.

Miss Talbot announced today after a conference with representatives of the co-eds that she had changed her mind about the Tango, but the "Turkey Trot"—never.

### U. S. SUES I. C. R. R.

CHICAGO, March 13.—U. S. District Attorney Wilkerson today filed 62 suits against the Illinois Central railroad, charging violation of the United States fifteen hour law. The government charges that in some instances trainmen have been compelled to work from 21 to 23 hours consecutively. The railroad company is liable to a fine of \$100 for each offense, if proven guilty.

### WEATHER

Temperature for La Crosse during last 24 hours.

High, 58.

Low, 42.

Precipitation, .08.

Forecast for La Crosse and vicinity: Rain and colder tonight; Friday local snow and much colder.

Wisconsin: Rain, south, rain or snow north portion tonight; colder west portion; Friday local snows and much colder; south winds shifting to northwest and increasing.

Minnesota: Snow north, rain or snow north portion tonight; colder with cold wave west and north portions; Friday cloudy with local snows east portion and colder east and south portions.

Iowa: Rain east, rain or snow west portions; colder; Friday snow west, snow or rain east portion; much colder.

Weather Conditions

The eastern high is moving off the north Atlantic coast and another high with accompanying cold wave has appeared in the Canadian northwest while the western storm is now central in western Kansas. These pressure changes have caused rain or snow at nearly all stations from the Pacific coast to the middle and south Atlantic states and lake region with higher temperature throughout the eastern half of the country and much lower temperature in Montana and the Canadian northwest.

The weather is generally cloudy in all sections this morning with rain from Nebraska to the lake region and middle Atlantic states and snow in western South Dakota, Wyoming and Montana. Thunder storms occurred last night in Oklahoma and Iowa.

The storm center will probably move into the lake region tonight followed by the northwestern high. This will cause rain with lower temperature in this section tonight followed by local snow and much colder Friday.

Cold wave in the Dakotas, western and northern Minnesota and western Nebraska.

## WILSON CONSULTS WITH LA FOLLETTE ON LEGISLATION

Calls Wisconsin Senator Into Conference at the White House

### "BOB" TO HAVE VOICE IN JOBS

Federal Patronage in This State to Be Put Before the Senior Senator

### PRESIDENT ADMIRES THE BADGER

Will Seek to Get from Him Views of Progressives in the Senate on Pending Bills

WASHINGTON, March 13.—President Wilson is to consult with Senator La Follette of Wisconsin early next week to learn his views on legislation and the progressive line-up in the senate. It was announced today at the White house that an engagement had been made with the Wisconsin "insurgent."

Not only was the news regarded as of great political significance, but in the same connection it was semi-officially stated that President Wilson intends that "Fighting Bob" shall hereafter be consulted with regard to all Wisconsin patronage matters.

### Admires La Follette

The president is a great admirer of the Wisconsin senator. In many of his campaign speeches he paid glowing compliments to La Follette for his long fight for progressive legislation and his ability. La Follette now occupies an anomalous position in the senate. He is classed as a republican and yet generally joins with the progressives in their views on legislation. La Follette is free to pursue an absolutely independent course in the senate. During the fight for enactment of the democratic tariff bills last summer it was La Follette who formed a coalition and forced through the senate most of the measures which went to the White house to meet Taft's veto.

To Find Progressive Stand

That President Wilson will find out exactly where the progressives stand on tariff and currency reform will be one result of his meeting with La Follette. "Fighting Bob" and practically all of the progressives have already announced their determination to support progressive measures, irrespective of whether they are favored by republicans or democrats and with the small balance of power held by the democrats in the senate, President Wilson is extremely anxious to know just where they stand on specific reform measures.

### WEATHER

### HUNGER CAUSE OF SMALL BOY'S DEATH

ST. PAUL, Minn., March 13.—Un-appeared hunger caused the tragic death of Allen Carney, 5, 261 Lafayette avenue, shortly before 2 o'clock yesterday afternoon. The little fellow was killed by a street car at Lafayette avenue and Arkwright street.

John Carney, the child's father, has been out of employment a long time. The family had nothing in the house to eat. The boy begged for food. Mrs. Carney gave him the last ten cents she had, directing him to go to a nearby store and buy doughnuts.

The boy reached the store, but no doughnuts were on sale. He started to run back home, when crossing the street with the dime clutched in his hand, he was run down and killed.

### DISEASE EATEN SAYS DR. EVANS

Infectious Diseases Are Carried to Food by House-fly, Declares Physician at Welfare Exhibit

### DENTIST UPHOLDS CHEWING GUM

Dr. Hauser Says Confection Is Good Thing for Children to Use After Meals

Infectious diseases and their prevention, care of the teeth and war on the fly were the subjects treated at last night's session of the child welfare exhibit in the city hall. The subjects were discussed by Dr. Edward Evans, Dr. George F. Hauser and Dr. Theodore Werle, Milwaukee. Last night's meeting was the best attended and the most interesting of any of the sessions up to date.

**Disease Eaten**  
"You eat infectious diseases," was the statement made by Dr. Evans after he had called attention to a list of communicable diseases and impressed on the audience the vast amount annually spent by the United States as a result of these troubles. "Every time you get typhoid or scarlet fever, or any of those similar diseases it is because you have eaten germs cast off by some patient. Not very pleasant facts, but true."

The common house fly is the greatest disease carrier in the world, and we will never stamp out disease until we teach people that he is more vulgar than the bedbug, more ubiquitous than the mosquito and more dangerous than both together. Tuberculosis and the "social diseases" were the cause of more trouble and expense than any of the others in the list, Dr. Evans said. He gave figures which proved that the national debt of the United States is less than the annual bill for infectious disease, and declared that about a billion dollars was the nation's yearly loss from tuberculosis. He made a plea for cleanliness, which he said is the only true way to stamp out the causes of disease. Every case should be treated in an isolation hospital, he added, to prevent any spreading of germs.

**Praises Health Department**  
Dr. Evans took occasion to laud the health department of the city, and gave examples of its successful work in stamping out sporadic outbreaks of smallpox and scarlet fever within the last year.

"We have the best health department in the United States," he said, "and I'll tell you why. It is in charge of an expert who is barred from making cents in private practice, and it is the only department in the country that is absolutely out of politics."

Dr. Hauser's paper dealing with the care of the teeth, was a very entertaining and instructive one. Beside voicing the platitudes familiar for years about brushing the teeth, Dr. Hauser told why it should be done, and explained the consequences of neglect.

"Decayed teeth," he said, "are among the most frequent causes of dyspepsia, nervousness and even insanity. They are conducive to tuberculosis, and are especially bad for children. They cause poison to mingle with the food and spoil its effect on the growing child."

He insisted that the whole mouth should be brushed upon arising with clear water, to cleanse it, and that after every meal silk floss should be used to remove bits of food. Teeth should be brushed with tooth paste or powder twice a day, and receive daily rinsings in alkaline wash, such as milk of magnesia. He declared that all toothpicks were bad.

**Approves Chewing Gum**  
A cherished superstition went to smash under his hand when he advocated chewing gum for children.

### Banish Those Ugly Pimples

Skin Cleared in a Short Time by Stuart's Calcium Wafers, the Greatest Blood Purifier Known

Pimples, blotches, skin eruptions of all kinds, are simply the impurities in the blood coming to the surface. All the external treatment in the world won't do a particle of good unless you purify the blood. And there's nothing so humiliating as a face that's all "broken out" and spotted.

**Clean your Back and Face of Pimples**  
unless you purify the blood. And there's nothing so humiliating as a face that's all "broken out" and spotted.

Stuart's Calcium Wafers will clear the most obstinate complexion, because they go right into the blood and remove the cause of the trouble. The blood is cleansed of all impurities and foreign substances and these are quickly eliminated from the system. You'll notice a wonderful change in a few days—you will hardly know yourself in a week.

And Stuart's Calcium Wafers are absolutely harmless to anyone. Their ingredients are just what a physician prescribes in most cases of skin eruptions and poor blood. These wafers are put up in a concentrated form, which makes them act quickly and thoroughly.

Begin taking Stuart's Calcium Wafers today and then look at yourself in the mirror in a few days, and find all those awful pimples, blackheads, acne, boils, liver spots, rash, eczema and that muddy complexion rapidly disappearing and your face cleared like the petal of a flower.

You can obtain Stuart's Calcium Wafers at any drug store at 50 cents and there is now no reason why anyone should be disgraced by pimples or any other skin eruption.

They ought to be allowed to chew gum for about forty minutes after meals," he said. "It cleans the teeth and removes bits of food."

Dr. Werle gave an excellent talk on flies, discussing especially methods of combating them. He advocated sprinkling kerosene on garbage cans and similar receptacles, and said that ten drops of carbolic acid on a hot shovel would kill them if they had managed to get into a room. He said that white clover blossoms were alleged to be beneficial in driving them from the house.

Following is the program for today's sessions at the exhibit:

(In charge of the La Crosse Woman's club).  
3:30 p. m.—The Welfare of Our Girls, Miss Tirza Dinsdale, secretary Y. W. C. A.

4 p. m.—Address: Health as a Social Aspect, Prof. J. L. Gillin, state university.

7:15 p. m.—Moving pictures.  
8 p. m.—Problem of the Adolescent Child, Prof. J. H. Gillin, state university, department of general welfare, extension division.

**Friday, March 14**  
(In charge of Ladies' Society, First Presbyterian church).

3:30 p. m.—Moving pictures.  
4 p. m.—The Fly and Other Disease Carriers, Prof. George H. Brettnall, state normal school.

4:30 p. m.—The Child in the Industries, Mrs. Clara Statham, assistant superintendent state employment bureau.

Note—On account of the boys' entertainment at the Y. M. C. A. there will be no evening meeting. This will give the parents an opportunity to see the boys in their annual program in the Y. M. C. A. gymnasium.

**Saturday, March 15**  
(In charge of Twentieth Century club).

3:30 p. m.—Moving pictures.  
4 p. m.—The Feeding of Children, Miss Anna F. Hallock, supervisor of domestic science, city schools.

4:30 p. m.—The Problem of the Children, Prof. J. L. Gillin, state university.

7:15 p. m.—Moving pictures.  
8 p. m.—Address: The Juvenile Delinquent, His Origin and Treatment, Prof. J. L. Gillin, state university.

There will be microscopical demonstrations in the city health department across the hall from the council chamber each day.

### STORK VISITS TAX COMMISSION

A ten pound girl was born to Mr. and Mrs. J. J. Frisch yesterday morning, and as the jubilation tax commissioner passed the word and cigars among his city hall brethren yesterday he allowed "that the event constituted one more plank in his platform" on which he seeks re-election. He was heartily congratulated by his friends in the city building. Mrs. Frisch is reported as doing nicely.

### HELD FOR MURDER

SEATTLE, Wash., March 13.—Joseph McDonald, general manager of the Consolidated Mining and Milling company at Guanajuato, Mexico, who is now journeying under extradition to Juneau, Alaska, to be tried on a charge of murder, was indicted last December for killing Deputy United States Marshal N. C. Jones at Treadwell, Alaska, May 14, 1902.

### FIGHT LOW WAGES

ST. PAUL, Minn., March 13.—A living wage for women campaign will be started immediately in St. Paul by the Woman's Welfare league.

### SEND CONDOLENCE TO MRS. MARVIN

Methodist Brotherhood Expresses Admiration for Alderman's Devotion to Righteousness

Expressing admiration for the heroic devotion of Alderman George B. Marvin, Jr., to the cause of civic righteousness in the city council, the Methodist Brotherhood of the First Methodist church on Tuesday night approved a message of condolence, which was sent to Mr. Marvin's widow. The message was as follows:

"La Crosse, March 12, 1913.  
"To Mrs. Geo. B. Marvin,  
"Dear Madam:  
"The Methodist Brotherhood assembled in regular session last evening passed unanimously the following resolution:

"The Methodist Brotherhood of the First Methodist Episcopal church of La Crosse hears with deep sorrow of the death of our fellow citizen, George B. Marvin, Jr., and conveys to you and to the family its sincere condolence and sympathy in your heavy bereavement and sorrow and expresses its admiration for his Christian character and for the heroic devotion which he displayed, as an alderman, to the cause of civic righteousness and purity. We hope that the seed which he so faithfully sowed, frequently under great discouragements, will bear fruit in the days to come and be seen and felt in an improved administration resulting in better city conditions. The removal of all possible temptations and snares out of the way of our young people and the reduction of legalized vice in all our city.

"The above resolution will be written in our minutes and also sent to the press for publication.

"We remain, dear Madam, on behalf of the Brotherhood,  
"R. M. I. KINNEAR,  
"G. B. CAPLE."

### EXCLUSIVE CLUB FEARS WILSON SNUB

WASHINGTON, March 13.—The Metropolitan club has decided to snub President Wilson because it feared that the president might snub it.

Under the by-laws of the club the president of the United States is an honorary member. Therefore according to the club laws, Woodrow Wilson is a honorary member.

But Woodrow Wilson has not been informed of this fact. It was learned today that the governors of this very exclusive club have decided not to notify him. They determined not to take the risk of being turned down, as Wilson turned down the Chevy Chase Country club.

### BURKE BILL DIES

MADISON, Wis., March 13.—(Special.)—Senator Burke's bill providing that the Stout institute be moved from Menominee to Eau Claire to serve the purpose of a state normal school found no support before the joint finance committee yesterday afternoon, and it was recommended for indefinite postponement. It is conceded to be as good as killed already.

### EXHAUST KILLS TWO

MINNEAPOLIS, March 13.—Fumes from the exhaust pipe of an automobile killed M. O. Hogland and Nels Larson yesterday afternoon at Hogland's machine shop. The men were working on the car while the engine was running and were suffocated by the gasoline fumes.

### GUARDS HIS CHILDREN'S HEALTH BY USING FATHER JOHN'S MEDICINE

#### Always Cures Their Colds, Says Father

#### A Safe Family Medicine for Throat and Lungs

#### Prevents Pneumonia, Builds New Flesh and Strength

In a recent letter from Council Bluffs, Ia., a grateful father says: "Our boy contracted an ugly cough and no matter what medicine we used it did not help him. We consulted two different doctors and their medicine did him no good. We hoped that the warm summer weather would cure his cough, but it did not. Then my wife remembered that friends of hers in the East recommended Father John's Medicine for colds and coughs. We sent for a bottle and it cured our boy. Since that time we always keep it in the house and give it to both our children as soon as they have a cold. It

always helps them. We induced my father to use it for his bronchitis and it helped him wonderfully. I am sending you a picture of my two children, hoping to help in advertising your good medicine." (Signed) Edward Torneten, Council Bluffs, Ia.

Because it is free from alcohol or dangerous drugs in any form Father John's Medicine is a safe medicine for all the family. It cures colds, throat and lung troubles, bronchitis and prevents pneumonia and at the same time builds new flesh and strength.

If you have any difficulty in getting Father John's Medicine from your druggist write to Father John's Medicine, Lowell, Mass., enclosing \$1.00 for a large bottle by express prepaid.

### 12 YEAR OLD BOY HELD AS BURGLAR

PORTLAND, Ore., March 13.—Armed with a loaded revolver and a policeman's "billy," 12 year old Leo Berggren, alias Erick Erickson, a St. Paul boy, was caught in the act of robbing the till of the Terminal grocery here last night. He had opened the till and was taking out the money when the proprietor, W. T. Pierpont saw him, and captured him. He also had a bunch of keys and a purse in his pocket.

So many people are critics who have not had their qualifications passed upon.

### PASSION MUSIC TO BE SUNG SUNDAY

Lovers of music will have the opportunity of hearing a musical treat when next Sunday the chorus choir of Christ Episcopal church presents Gaul's "Passion Music." Under the direction of Prof. Harry Packman, organist and choirmaster, the singers have practiced for some time in preparation for this event, and as the usual number of singers will be augmented by additional talent, the musical service Sunday will doubtless prove an attraction to church goers. Last Sunday the choir gave Stainer's "Crucifixion" before a large audience.

### HAIR TURNING GRAY OR FALLING? JUST MIX SAGE TEA AND SULPHUR

#### It's Grandmother's Recipe for Dandruff and Restoring Color to Hair

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also cures dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays skilled chemists do this better than ourselves. By asking at any drug store for the ready-to-use product called "Wyeth's Sage and Sulphur Hair Remedy"—you will get a large bottle for about 50 cents. Some

druggists make their own but it's usually too sticky, so insist upon getting "Wyeth's" which can be depended upon to restore natural color and beauty to the hair and is the best remedy for dandruff, dry, feverish, itchy scalp and to stop falling hair.

Folks like "Wyeth's Sage and Sulphur" because no one can positively tell that you darkened your hair, as it does it so naturally and evenly, says a well known downtown druggist. You dampen a sponge or soft brush and draw it through your hair, taking one small strand at a time. This requires but a few moments, by morning the gray hair disappears and after another application or two is restored to its natural color and looks even more beautiful and glossy than ever. O. T. Erhart, agent.

"What funny babies," she said.

### Daddy's Bedtime Story—

Mrs. Golden Coat  
And the  
Bird Babies

DADDY had told the children that every mother thinks her own babies are the nicest.

Jack and Evelyn had been saying how homely baby birds were. "Mrs. Golden Coat, the canary, had a family of little ones," daddy said. "They were poor, thin little things without a feather on their backs. Their legs were so wobbly they couldn't stand on them. When one heard them squeaking for food it was hard to believe that some day they would be lovely singers like Mrs. Golden Coat's husband."

"The babies had been hatched in a nest lined with cotton and wool placed in a corner of Mrs. Golden Coat's beautiful wire cage."

"About the very first thing a baby did after it was hatched was to open its mouth very wide, and Mrs. Golden Coat, who knew just what it wanted, popped something nice into it at once."

"While Mrs. Golden Coat was feeding her children, a huge creature came up to the cage and stared in. Its eyes were so big and bright that they frightened the babies, and they began to cry as loud as they could."

"Never mind, my darlings," twittered Mrs. Golden Coat. "That is only Jimmy, the boy who lives in this house. He will not hurt you, and, if he chooses, he can be very kind. Perhaps, when you are older, he may bring you lumps of sugar."

"Just then Jimmy opened his mouth. 'Hey, sis!' he called to his sister Nan. 'The canary's eggs have hatched out. Come and see the bird babies.'"

"The little canaries squawked with fear again. Jimmy's open mouth looked like a vast cave to them. They were afraid it would swallow them up."

"Hush, my darlings!" Mrs. Golden Coat said soothingly. "Do not cry so much. They will not harm you. The children are not so bad when you get to really know them."

"When little sister Nan came up to the cage and stared in, the babies tried not to show that they were frightened, though they snuggled closer into the nest and chirped nervously."

"Oh, my!" squealed the little sister. "What funny babies! They are just as homely as they can be!"

"Now, it was Mrs. Golden Coat's turn to make a fuss."

"How dare you speak so of my babies!" she shrieked, flying at the children. "Get away from my cage! There is that baby sister of yours, with her red face, bald head and toothless mouth. If my babies looked such frights will be just too cute for anything, while your sister won't be able to get about alone for a long time!"

SAN FRANCISCO CHICAGO

# THE RACE WITH THE SUN

We have reduced the time from Chicago to San Francisco by one business day, and you tens of thousands whose business or whose pleasure takes you West each year may add that day to the calendar of your lives.

Arriving in San Francisco with the sunrise of the third day marks a new era for trans-continental lines worthy of history. 64 hours and 30 minutes (effective April 1st, 1913,) is the new time schedule of the new extra-fare train—

## Overland Limited

It is the only exclusively first-class train between Chicago and San Francisco, and its equipment is the quintessence of luxury. This train is equipped with barber-shop and bath—it carries a ladies' maid, stenographer and valet—in short, it has all the elegance, comfort and convenience of your favorite club, or even of your own home. It is a train of all-steel cars with roomy berths, spacious drawing-rooms and compartments, and a dining car service of the highest standard. Over a double-track system of 90-lb. steel rails, ballasted with Dustless Sherman Gravel, guarded every inch of the way by Automatic Electric Block Safety Signals.

## WHOM SHALL WE HAVE FOR MAYOR

Five men want to be mayor of La Crosse for the ensuing two years. They are all good citizens. Two of them have been mayor, and each of these two has, we believe, sought to direct city affairs for the best interest of the people of the commonwealth. Each of the five men has issued a more or less formal "platform," and these platforms indicate that the candidates are not much at variance as to the things to be attained. They differ largely only in relation to the methods of attaining these ends.

It would seem, then, that as citizens the question which we must decide at the polls is as to which of these five men will come nearest accomplishing the things they all agree should be accomplished. We have but one means of deciding. It is to look the men over, and to pick the man who would be most likely to succeed in any difficult task he might attempt to perform.

How can we tell? Perhaps if we correctly answer the following questions we shall be near the truth:

What is the man's viewpoint? Is it big and broad, or is it narrow and factional?

How well has the man succeeded with the things he has tried to do in the past? Has he been a success in life, and how much of a success?

Has the man any especial experience that should qualify him for the office of mayor?

How much time will the man be able to give to the heavy work that falls upon the mayor of the city?

The Tribune turns reluctantly to partisanship in this matter. It likes well meaning and kindly John Dengler. It likes the good natured and impulsive Ori Sorensen. It both likes and admires snappy, wide-awake young Mr. Adams. It appreciates to the full the zealous and excitable giant, McCaleb. It would like to be of service to each of these agreeable citizens, to help them in their worthy ambition to serve the public.

But a good newspaper, like a good citizen, must make its choice and support its convictions in matters of public concern. In taking its stand the Tribune will agree with many of its readers, it will disagree with others. That is inevitable, but it will be endurable provided these differences shall be met with kindly disposition, in a spirit of fair play and tolerance. Strong in the confidence

that the debate will do good, The Tribune proceeds to the support of its choice.

That choice is Dan MacMillan. We believe that, measured by each of the four standards which we have laid down, Mr. MacMillan, best of all the candidates, meets with the requirements.

Mr. MacMillan is not entangled in the old quarrel which has existed in city hall circles during the past two administrations. He would enter upon his work with an open mind, uninfluenced by any sort of organization or factional or partisan strife. Free from bias he could "turn to the instant need of things." And to be able to eliminate the petty squabbling of past administrations is indeed a qualification of importance, for until that is done there can not be the beginning of better city service. No man embroiled in a feud can give a strong hand and a clear brain to other things.

Next we take the specification as to the success of the candidates in private business. Comparisons are odious, and we shall avoid them. We may well be content with the reflection that Mr. MacMillan inherited a business burdened with indebtedness and weakened by warfare for which he was in no way responsible, that this quasi-public business had encountered the bitter hostility of a dissatisfied public, that he took it at the lowest ebb of its finances and the height of its unpopularity, at a time when astute business men proscribed for it certain and utter bankruptcy, and nursed it back to a basis so sound that it was recently sold at par. We all acknowledge that the affairs of the city of La Crosse are none too prosperous, but they have never approximated the desperate extremities of the business which Mr. MacMillan resuscitated. We think it no unfounded conclusion that, judging by what he has done, Mr. MacMillan may be expected to do well indeed for the taxpayers of La Crosse if they shall elect to entrust him with the office of mayor.

We believe that, in the very nature of his business experience, Mr. MacMillan has acquired special equipment for the office of mayor. The city itself is, in a broad way, a public utility company, and its executive must, as a large share of his work, stand between the city and privately owned public service institutions. Mr. MacMillan knows every detail of this business, down to every conduit and main in the city. He knows about matters of cost, efficiency of equipment and quality of service. He is exactly in the position occupied by the late Tom L. Johnson when, having sold his street car lines, he became mayor of Cleveland and enjoyed a career of distinguished service to his fellow citizens.

Mr. MacMillan is the only candidate for mayor who, if elected, is prepared to put in a full day in the office upon every working day. Other candidates have private business affairs that are bound to occupy most of their time, and none of them can afford to give more than two hours to city work. Mr. MacMillan pledges himself to give eight hours to city work. Dr. Anderson, who gave his full time to the work when he was mayor, said at the Bijou meeting: "I want . . . to add what impetus I may to the idea of having more time devoted by the executive to city matters. With some experience as to this feature I am able to speak intelligently, for I do know that with one's best efforts there is all too little time to carry on what falls to the lot of a mayor." We are asked to choose between eight hours a day of Mr. MacMillan's time and two hours a day of the time of any one of the other candidates. It looks like what the horse-men would call a "four to one shot."

Thinking upon these things, the taxpayers of La Crosse must soon decide what mayoralty candidate offers the best bargain. As John C. Burns puts it with homely force, "we're for Dan MacMillan!"

There will always be an impression that Carrie Nation should have been a London suffragette.

## Try the New Way of Curing Corns

Easy As One, Two, Three; No Fuss, No Pain, by Using "GETS-IT."

Just take two seconds to put a little "GETS-IT" on that corn. That corn is "done for" as sure as the sun rises. The corn shrivels up, vanishes. That's the surprise you get by

"When I Think of All the Things I Tried for Corns and Failed, and 'GETS-IT' Got 'em in a Hurry."

using this new-plan corn cure. There's nothing to stick to the stocking or sock; your corn pains stop. You're saved the bother of applying plasters that make the corn bulge out from the core. You're saved salves that eat into the healthy flesh and "pull;" no more fussing with bandages. You don't have to help by picking and dragging out your corns or cutting with knives or razors. "GETS-IT" is safe, painless, stops pain, never hurts healthy flesh. It is guaranteed. Try it on warts, calluses and bunions, too.

"GETS-IT" is sold at all drug-gists' at 25 cents a bottle, or sent direct by E. Lawrence & Co., Chicago. Sold in La Crosse by Columbian Pharmacy, City Book and Drug Store, Spence-McCord Drug Co., Chas. Bey-schlag, Geo. Mariner, C. F. and L. Runckel.

"My only fear in respect to woman suffrage," said Mr. Baldibrow, "is its possible effect upon the public life of the future. Woman's love of a bargain would cause her to go in for cheap statesmen."

"Yes," said Mr. Baldibrow, with an indulgent smile. "Well—look at the pile of illustrious remnants you men are still sticking to!"

Whereupon Mr. Baldibrow began to hem like a stump speaker, but nothing came of it. His eloquence was not equal to the occasion.—Harper's Weekly.

## Indignant Jackie

Jackie, aged 6, had long wished in vain for a goat. He had two smaller brothers, but he would cheerfully have exchanged them for his heart's desire.

One day there was a new arrival in the house. A group of relatives were in waiting expectantly in the large sitting room, while Jackie played unnoticed in a corner.

The nurse came in.

"A boy," she announced. "A fine little new boy!"

"Another little brother for you, Jackie!" an aunt exclaimed.

"Another boy!" sighed a cousin.

"Why couldn't it have been a girl this time?"

"Why couldn't it 'a' been a billy goat?" exploded Jackie indignantly.—Judge.

## A Hard Creditor

Louis Tiffany, at the Egyptian fete that he recently gave in his New York studio, was led by the magnificence of some of the Egyptian vestments of his guests to say:

"These beautiful robes make me think of an old fellow whom I once met on a cold day down south."

"The air was cold, and it beat on the old fellow's flesh through the many holes in his tattered garments. Yet, despite his tatters, he had a whole side of bacon on his shoulder."

"Uncle," said I, "why didn't you spend your money on a warm coat instead of on all that bacon?"

"The old man answered gravely: 'Wall, sah, when I asks mah back for cash, I gits it!'

"Then, patting and rubbing his stomach, he added:

"But dishyer, sah, dishyer always calls for cash."

A Troubled Governor  
"Sitting by Governor Hodges," said a newspaper correspondent, "reminds me of the first time I saw the Kansas governor. He was only state senator then. He was called to Leavenworth to inspect the penitentiary, and I had to go down and write it up—met the governor for the first time. The warden, by way of giving a special treat to the prisoners, had collected 700 or 800 of them in the assembly hall and in an offhand way requested the senator to address them."

"Mr. Hodges wasn't as proficient in politics then as he is now. He was plainly embarrassed and hesitated a minute. 'My fellow citizens—'

"That didn't sound right, and he commenced again, 'My fellow convicts—'

"By that time the prisoners were smiling. Mr. Hodges dropped his formal manner, and smiled too. 'Well, I don't know exactly how to address you boys,' he amended, 'but I'm mighty glad to see so many of you here!'—Kansas City Star.

## Appropriate Hymn

A professor of divinity who was spending the summer in the Scottish Highlands was invited to baptize the infant son of the local minister.

When the time of the ceremony arrived the guest gave out for congregational singing a paraphrase much favored on such occasions.

"Let us sing from the fifth paraphrase, beginning at the second verse. 'As sparks in close succession rise,'" he said.

To his consternation the congregation giggled audibly. Afterwards, asking the clerk, what he had done wrong, he was told:

"You must know, professor, the minister's name is Sparks, and yonder is his tenth bairn!"

He turned away and fell to pacing the floor again.

"What happiness do we get out of life, what good? We go on from day to day living a life that is perfectly intolerable to us both; what's the use of it—I wonder we stand it!"

"I have sometimes wondered that, too," Evelyn half whispered.

"You had it in your power to make our life different, but you wouldn't take the trouble; and see where we have drifted; you don't trust me and I don't trust you!"

She started. "What sort of a basis is that for a man and wife, for our life together?"

"It's what we—what you have made it!" she answered.

"No, it isn't; it's what you have made it! I tell you, you were bored to death; you wanted noise and world! Remember how I used to come home from the office every night, and begrudged the moments when any one called? I wanted only you; my hopes and my ambitions; but you might as well have got sick of that—you yawned, you were sleepy, and you wanted to go about; you thought it was silly staying cooped up like that, and seeing no one, going nowhere! It was stupid for you, you were bored to death, you wanted noise and excitement, to spend money, to see and be seen—as if that game was worth the candle in a God-forsaken hole of a place like Mount Hope! You killed my ambition then and there; I saw it was no use. You wanted the results, but you wouldn't pay the price in self-denial and patience, and so we rushed into debt and it's been a scramble ever since! I've begged and borrowed and cheated to keep afloat!"

"And I was the cause of it all?" she demanded with lazy scorn of him.

"There was a time when I stood a chance of doing something, but I've fooled my opportunities away."

"What of the promises you made me when we were married—what about them?" she asked.

"You created conditions in which I could not keep them!" he said.

"I seem to have been wholly at fault; at least from your point of view; but don't you suppose there is something I could say? Do you suppose I sit here silent because I am convinced that it is all my fault?"

He did not answer her at once but continued to pass the floor; at length he jerked out:

"No, I was at fault too. I've a nasty temper. I should have had more patience with you, Evelyn—but it was so hard to deny you anything you wanted that I could possibly give you—I'd have laid the whole world at your feet if I could!"

"I believe you would, Marsh—then!" she said.

"It's a pity you didn't understand me," he answered indifferently.

## A Treat for La Crosse Housekeepers

La Crosse housekeepers are delighted with the delicious, nut-like flavor of "Minnesota" Macaroni. Many say they never knew macaroni could taste so good and be so firm and nutritious and flavorful as the "Minnesota" Macaroni, now sold by leading La Crosse grocers.

There is a big difference in macaroni as sold in the stores. "Minnesota" Macaroni is made from the VERY BEST DURUM wheat with ALL the wonderfully nourishing Gluten left in. It is easily digested, very nourishing, and costs only about one cent a dish.

Try the handy "Minnesota" Cut Macaroni, which is cut into uniform pieces—it cooks more evenly and is quicker to prepare.—Advertisement.

ently.

Nothing he could say led in the direction he would have had it lead, for he wanted her to realize her part in that what had happened, to know that the burden beneath which he had gone down was in a measure the work of her hands. His instinct was as primitive as a child's fear of the dark; he must escape from the horror of his isolation; his secret was made doubly terrifying because he knew he dared not share it with any living creature. Yet his mind played strange tricks with him; he was ready to risk much that he might learn what part of the truth he could tell her; he was even ready to risk all in a dumb brute impulse to gather up the remnants of his strength of heart and brain, and be the center of some widespread catastrophe; to put his fear in her soul just as it was in his own. How was she ever to comprehend the horror that held him in its cruel grasp, the thousand subtle shades of thought and feeling that had led up to this thing, from the memory of which he revolted! He turned his bloodshot eyes upon her, something of the old light was there along with the new; he had indeed loved her, but the fruit of this love had been rotten. He was silent, and again his heavy tread resounded in the room as he dragged himself back and forth.

The force in him was stirring her. Sensation of any sort had always made its strong appeal to her. Without knowing what was passing in his mind she yet understood that it was some powerful emotion, and her pliant nerves responded. For the moment she forgot that she no longer loved him. She rose and went to his side.

"Is it all my fault, Marsh?" she said.

"What is your fault?" he asked, pausing.

"That we are so unhappy; am I the only one at fault there?"

He looked down into her face reluctantly.

"I don't know—I swear I don't know!" he said hoarsely.

"What is it, Marsh—why are you so unhappy? Just because you love me? What an unkind thing to say!"

He turned to the table to pour himself a drink, but she caught his hand.

"For my sake, Marsh!" she entreated.

Again he looked down into her eyes.

"For my sake," she repeated softly.

"By God, I'll never touch another drop!" he said.

"Oh, you make me so happy!" she exclaimed.

He crushed her in his arms until his muscles were tense. She did not struggle for release, but abandoned herself without a word to the emotion of the moment. Her head thrown back, her cheeks pale, her full lips smiling, she gazed up into his face with eyes burning with sudden fire.

"How I love you!" he whispered.

She slipped her arms about his neck with a little cry of ecstasy.

## ELDERLY FOLKS! GLOMEL, SALTS AND CATHARTICS AREN'T FOR YOU

Harmless, gentle "Syrup of Figs" is best to cleanse your stomach, liver and 30 feet of bowels of sour bile, decaying food, gases and clogged-up waste.

You old people, Syrup of Figs is particularly for you. You who don't exercise as much as you need to; who like the easy chair. You, whose steps are slow and whose muscles are less elastic. You must realize that your liver and ten yards of bowels have also become less active.

Don't regard Syrup of Figs as physic. It stimulates the liver and bowels just as exercise would do if you took enough of it. It is not harsh like salts or cathartics. The help which Syrup of Figs gives to a torpid liver and weak, sluggish bowels is harmless, natural and gentle.

When eyes grow dim, you help them. Do the same with your liver and bowels when age makes them less active. There is nothing more important. Costive, clogged-up bowels mean that decaying, fermenting food is clogged there and the pores or ducts in these thirty feet of bowels suck this decaying waste and poisons into the blood. You will never get feeling right until this is corrected—but do it gently. Don't have a bowel washday; don't use a bowel irritant. For your sake, please use only gentle, effective Syrup of Figs. Then you are not drugging yourself, for Syrup of Figs is composed of only luscious figs, senna and aromatics which can not injure.

A teaspoonful tonight will gently, but thoroughly, move on and out of your system by morning all the sour bile, poisonous fermenting food and clogged-up waste matter without gripe, nausea or weakness.

But get the genuine. Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna." Refuse, with contempt, any other Fig Syrup unless it bears the name—prepared by the California Fig Syrup Company. Read the label.

### THE SONG TRUST FOOLED AGAIN

An "Unknown" puts over the First Song Hit of 1913

Ever since "Come Back to Erin" and "Killarney," song writers have been attempting to "put over" a modern Irish ballad that would become equally as popular.

A hitherto unknown writer, Frederick Knight Logan, has accomplished this with his song "Killarney, My Home O'er the Sea," and the so-called "Song Trust" are astounded to think that this plum should have fallen to one outside their sacred portals.

With the composer's permission, we reproduce the chorus, so judge it for yourself.

**Killarney, My Home O'er the Sea**

Refrain:

And I long for dear Ireland, Green  
Isle of the West, Where the shamrock and  
flow'rs bloom'd for me, ... There the An-gels of  
Peace fold their bright wings and rest. By the  
Lakes of Killarney, my home o'er the sea.

At first glance you will say the lyric is common place, but a second perusal shows it to be well written, while the melody is about as sweet and dainty as any you ever heard, as it "lingers," and you will surely want to hear it over and over again.

ering from the illness which has confined her to her home, 1352 Charles street.

Mrs. Gray, 1312 Avon street who has been ill with the la grippe, has recovered.

Miss Jennie Indahl after visiting on the north side, has returned to West Salem.

L. Burg is again able to be about after having been confined to his home, 1219 Moore street.

Mrs. J. A. Weigel has returned to her home in Chicago after a visit with Mrs. L. Covey, 1623 Berlin St.

Mrs. G. Nutting and daughter, Gladys, 911 Gillette street, are visiting relatives and friends in Midway.

Mrs. J. F. Mullen who has been visiting friends and relatives in St. Paul, has returned to her home, 1713 Loomis street.

E. S. Koller, assistant general manager; F. L. Johnson, general superintendent; and W. T. Saddler, assistant general superintendent of the C. B. & Q. railroad, passed through Grand Crossing yesterday on a tour of inspection.

Mr. and Mrs. J. Asselin have returned to their home, 1536 Prospect street, after a visit with relatives and friends in St. Paul.

Miss Helen Schaffer, 400 Car St., who has been visiting friends and relatives in Portage, has returned to her home.

Clarence Whipple, Jr., is again able to be out, having been confined to his home, 331 Mill street with illness.

Mrs. Schneeberger and Mrs. Chas. Moser have gone to Preston to visit friends and to attend a wedding.

### MRS. STEBE DIES ON 70TH BIRTHDAY

On the seventieth anniversary of the date of her birth Mrs. Ricke Stebe died at 7:45 last night at her home, 620 Summer street. She had been ill but a short time. Death was caused by the infirmities of old age.

Mrs. Stebe came to La Crosse thirty years ago with her husband from Germany. She is survived by her husband and two daughters, Mrs. John Abbenette and Miss Anna Stebe, and one son, Frederick, of Chicago. The funeral services will be held Saturday at 2 o'clock from the German Lutheran church. Rev. Mr. Buchholtz will officiate.

### KILLS WIFE AND SELF

### REFUSED VACATION TO BECOME MOTHER

New York Teacher Is Not Granted Absence Without Pay that She May Bear Child

### CASE MAY COME INTO COURTS

No Debate Allowed on the Question by the New York Board of Education

NEW YORK, March 13.—Friends of Mrs. Catherine Campbell Edgell, high school teacher, whose request for a year's absence without pay to bear and care for a child was turned down last night by the board of education, were expecting today to hear that she had decided to carry the fight into the courts. The summary action of the board in dismissing the request without allowing debate, was resented strongly by Mrs. Edgell's supporters and she was urged not to let the matter rest.

The vote of the board of education was 32 to 5 against the application. It followed a vote of 28 to 8 against putting the question to open discussion, the members of the board in majority appearing to consider the case too delicate a matter to debate in the presence of the throngs of women teachers who had gathered to watch the board's proceedings.

"This affair has already aroused too much publicity and notoriety," said Morton Stein, one of the leaders of the opposition to Mrs. Edgell's request, "and I move that discussion be now closed."

Several members of the board argued for an open debate, declaring the question one of the most important brought before the board in years.

Mrs. Edgell was not present, and when notified of the board's action refused to comment. That she had many supporters among the teachers and leaders in civic affairs, was shown by the large number of sympathetic messages she received.

### MILWAUKEE BRIDGE DAMAGED BY ICE

Two piers of the Milwaukee railroad bridge, over the La Crosse river, were damaged last night by the ice packing against them. The river is still rising and precautions are being taken to prevent damages to the bridges over the river.

The Milwaukee north side offices report that they are unable to procure the much needed sand for the engines, as the Grand Crossing sand pit is under water. They will ship sand from the Red Cedar pits on the Chippewa Falls division.

R. Cooney, switchman, had a serious accident to his hand, cutting it deeply while cutting some meat at his home.

### MARVIN FUNERAL FRIDAY AFTERNOON

The funeral of George B. Marvin will be held Friday afternoon at his home, 1433 Berlin street, at 2 o'clock and at 2:30 from the Tabernacle Baptist church. Rev. Howard Leonard will officiate. Interment will be made in Oak Grove cemetery.

### LADY SCOTT TURNS BACK

SYDNEY, N. S. W., March 13.—Lady Scott, widow of Capt. Scott, the Antarctic explorer, who perished returning from the south pole, today is on her way back to England aboard the steamship Medina. Lady Scott was on her way half around the world to meet her husband when the wireless told her of his tragic death and she will now complete the circuit to return to her little son Peter, waiting in England. The child does not know of his father's death.

### BERNHART HURT

LOS ANGELES, Cal., March 13.—Although she still suffered considerable pain Mme. Sarah Bernhardt will not feel any serious effects from her automobile accident last night, according to her physicians today.

Mme. Bernhardt was enroute from Venice to Los Angeles for her evening performance when her machine was wrecked and she was thrown out. Both her ankles were wrenched, her hips were cut and her body bruised, but went on playing last night after a physician had attended her.

### Simple But Powerful Home Mixture for Rheumatism

"From your druggist get one ounce of Torris compound (in original sealed package) and one ounce of syrup of Sarsaparilla compound. Take these two ingredients home and put them into a half pint of good whiskey. Shake the bottle and take a tablespoonful before each meal and at bedtime." This is said to be the quickest and best remedy known to the medical profession for rheumatism and backache. Good results come after the first dose. If your druggist does not have Torris compound in stock he will get it for you in a few hours from his wholesale house. Don't be influenced to take a patent medicine instead of this. Insist on having the genuine Torris compound in the original one-ounce, sealed, yellow package. Hundreds of the worst cases were cured here by this prescription last winter.

**St. Benedict Kidney Tablets Give Immediate Relief.**

### "CASCARETS" MAKE YOU FEEL GREAT

A 10 cent box will keep your liver, stomach and bowels clean for months

Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to torpid liver, delayed fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Salts, cathartic pills, oil and purgative waters force a passageway for a day or two—yes—but they don't take the poisons out and have no effect upon the liver or stomach.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your liver, stomach sweet and your liver and bowels clean and regular for months.—Advertisement.

### H. CLAY EVENSON SUPPORTS BILL

Local Eye Man Appears before Assembly Committee in Defense of the Nordmann Bill

H. Clay Evenson has returned from Madison, where he made an argument before the assembly committee on education and health in favor of the Nordmann bill, a pending measure to compel those who would practice optometry to pass a state examination as to their requirements. Dr. Saries, of Sparta, appeared in opposition to the bill.

Mr. Evenson contended that the science of fitting glasses is a profession distinct from the medical profession, and cited in evidence, among other things, the fact that the University of Colorado confers a distinct degree of Doctor of Ophthalmology.

The principal objection raised by Dr. Saries was that the administration of atropine to dilate the eye is often necessary in the fitting of glasses, and that as the proposed law prohibits the administration of drugs by optometrists they could only fit certain cases by breaking the law. This, he added, showed that there is a fixed relationship between optometry and medicine.

Mr. Evenson replied by submitting documentary records of quotations from physicians of national note declaring that atropine is never necessary, and is always dangerous, sometimes resulting in blindness.

The optometrists maintain that the bill is aimed to protect the public from quack optometrists who misfit their patrons and bilk them on the quality of glasses sold. Other states have this law, and the quacks driven out of these states, he said, are working in Wisconsin and in states having no legal restraint.

### CLUB ENTERTAINED

Mrs. A. Cook entertained the "Ripper Club" at her home, 500 Caledonia street, this afternoon, with games and music. Refreshments were served.

### GARMENT STRIKERS WIN

NEW YORK, March 13.—The big strike of 20,000 members of the women and children's garment workers' union, which went into effect last Monday, ended today. All of the workers went back to work on a compromise agreement which provided for a fifty-hour working week, the "preferential" union shop, advances in wages averaging about 15 percent, a permanent board of arbitration to adjust disputes, and sanitary workshops. The sub-contractors and tenement house work plans are to be abolished as quickly as possible. This was one of the speediest settlements of a strike here on record and is a substantial victory for the union.

### T. R. TO ADDRESS MOOSE

PHILADELPHIA, Pa., March 13.—With nearly 1,000 delegates in attendance, the first annual Pennsylvania state progressive conference was held here today.

Gifford Pinchot, conservation leader, addressed the first session.

Colonel Roosevelt will deliver the principal address of the conference tonight. Former Senator Beveridge of Indiana will speak at the banquet tomorrow night.

### UNION DEPOT IS URGED BY LEAGUE

North Side Organization Sees Solution of Long Wrangle in Central Depot

### TO ATTEND THE MARVIN FUNERAL

Dead Alderman's Work Is Commended in Discussion by His Fellow Members

In lieu of the wrangle that has been going on between the city of La Crosse and the Chicago, Milwaukee and St. Paul railroad company, in regard to the rebuilding of the Rose street viaduct and the erecting of a new depot on the north side, the North Side Progressive league, in their meeting last night, proposed to inaugurate a movement to agitate the building of a union station on the south side of the city, to be used by the five railroads entering La Crosse.

### To Help Hans Concern

It was proposed that all members of the league take an active part in assisting the Hans Motor and Equipment company find a desirable location for their factory, and to aid them in disposing of their stock. The board of trade has promised the company to help them dispose of \$20,000 preferred stock, and in addition to loan them \$20,000 as capital. Their factory may occupy part of the Sawyer and Austin property, which is located at the head of Caledonia street.

The league appointed a committee of six to have the members attend the funeral of Mr. Marvin in a body. It was requested that all be present. The work that Mr. Marvin did while alderman, to further the interests of the Ninth ward and the north side, was discussed and a motion was made to have a resolution drawn up and sent to Mr. Marvin's family.

A vote of thanks was extended to Park Commissioner Forrer for the improvements that he has made in Copeland Park this season. Fifty trees have been set out in Copeland Park and one hundred more are to be replanted before the work is completed.

### Boost Factory Site

George Brewer placed before the league a proposition to advertise the property south of the rubber mills as a factory site. The league is boosting the building of a cement sidewalk on the rubber mills road. The matter of the sidewalk was brought before the city council some time ago and carried. The rubber mills have agreed to load earth which they obtain in making excavations for their addition, on wagons, if the city will haul it away.

In their next meeting the Progressive league will hold their annual election of officers.

### CROSSINGS BILL IS RECOMMENDED

MADISON, Wis., March 13.—(Special.)—The committee on transportation reported for passage in the assembly this morning the Nye bill to compel street, interurban and steam railroad companies to maintain highway crossings in cities, villages and towns in good repair. The original bill applied only to steam railroads, but the committee extended the scope of the measure. It was shown that a company would not maintain its crossings unless compelled by an order of the railroad commission, and the Nye bill fixes a heavy penalty to accomplish the purpose.

The Jennings bill to prevent the overcrowding of cars and the permitting of but ten persons to stand, when the seats are all occupied, was made the target of a general attack before the committee.

### LOGGING SEASON ENDS

COUDERAY, Wis., March 13.—The past few days of warm weather have wound up the northern Wisconsin logging season. Every outgoing train is filled with homeward bound lumberjacks, and camps throughout this locality are being dismantled.

### REFUSE TO RECONSIDER

MADISON, Wis., March 13.—By a vote of 55 to 40, the assembly refused to reconsider its action of last Thursday favoring the adoption of the Johnson 120-day limit bill. The motion to reconsider was made by Assemblyman Mahon.

## Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one-quarter, die before they reach one year; thirty-seven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save a majority of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupefy, retard circulation and lead to congestions, sickness, death. Castoria operates exactly the reverse, but you must see that it bears the signature of Chas. H. Fletcher. Castoria purges the blood to circulate properly, opens the pores of the skin and always fevers.

Genuine Castoria always bears the signature of *Chas. H. Fletcher*.

## After All

you can say that is to the good for all the other cough remedies, the fact remains that the G. E. M. White Pine leads them all in getting results—and what you want when you are obliged to take medicine is RESULTS. You always get the best possible when you use a G. E. M. preparation. For cough and colds use only the G. E. M. White Pine, if you want results. 50c and 25c bottles, at

KODAKS ALSO.GAS AND ELECTRIC  
CLUB IS FORMED

A new organization was formed in the city of La Crosse on Tuesday evening at the office of the Gas and Electric company, 222 Main street, which will be known as the "La Crosse Gas and Electric association." It is composed of all employees of the company, the purpose being educational and social. It is proposed to hold monthly meetings at which time addresses will be made by men prominent in the industry, papers will be read by the employees and it is proposed that a baseball team be organized.

At Tuesday's meeting, Dr. G. J. Egan, the company's physician, spoke in a very earnest and instructive manner on "First Aid to the Injured." He explained what remedy should be used in each kind of accident and described the method of application. Following this a demonstration of resuscitation was given. After refreshments had been partaken of, Mr. James Lister sang a beautiful Scotch ballad which closed the evening's entertainment.

The following officers were elected: President, Mr. Thurston Owens; vice president, Mr. Thomas Bramwell; secretary, Mr. P. R. Linker; treasurer, Mr. J. M. LaVague; directors, Miss Bessie Deneen, Mr. Oscar Schumacher, Mr. J. S. Smith.

SAY PEAT WILL  
BE FINE FUEL

MADISON, Wis., March 13.—(Special.)—Wisconsin will soon find its areas of peat marshes an important source of fuel is the prediction made in the report of the state conservation commission sent to the legislature today. Estimates in the report indicate that these marshes may in the next half century yield a cash return of from \$600 to \$4,800 an acre.

According to the report of the conservation commission about seven per cent of the total area of the state, comprising nearly 3,000,000 acres, is marshy. The investigation shows that this land may be used for three purposes. It can be drained and used for the purposes of agriculture, or it can be held until such time as economic conditions will permit the marketing of two and a quarter billion tons of finished peat, or the land may be submerged and used as reservoirs for the regulation of stream flow.

**NOTED BASSO TO SING AT NORMAL**

Gustav Holmquist, within the last few years, has made for himself an enviable place among the ablest bassos of the United States. Possessing a voice of exceptionally rich, sympathetic quality, of great power and of wide range, he is peculiarly fitted for every kind of public concert work from oratorio and festival performances to song recitals and private musicales. His successes with the leading choral societies of the country, as "bass soloist in Handel's 'Messiah,'" "The Creation" of Haydn, Mendelssohn's "Elijah" and "St. Paul," Gounod's "Redemption" and kindred works prove him an oratorio singer par excellence.

Gustav Holmquist will be bass soloist in Mendelssohn's oratorio "St. Paul," which will be presented by the normal school chorus of 300 voices under the direction of Miss Harriet B. Oltman, supervisor of music.

**The Best Cough Syrup is Easily Made at Home**

Costs Little and Acts Quickly. Money Refunded If It Fails.

This recipe makes a pint of cough syrup, and saves you about \$2.00 as compared with ordinary cough remedies. It stops obstinate coughs—even whooping cough—in a hurry, and is splendid for sore lungs, asthma, croup, hoarseness and other throat troubles.

Mix one pint of granulated sugar with 1/2 pint of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a pint bottle, and add the Sugar Syrup. Take a teaspoonful every one, two or three hours. Tastes Good.

This takes right hold of a cough and gives almost instant relief. It stimulates the appetite, and is slightly laxative—both excellent features.

Pinex, as perhaps you know, is the most valuable concentrated compound of Norway white pine extract, rich in quaiacal and the other natural healing pine elements.

No other preparation will do the work of Pinex in this recipe, although strained honey can be used instead of the sugar syrup, if desired.

Thousands of housewives in the United States and Canada now use this Pinex and Sugar Syrup recipe. This plan has often been imitated, but the old successful formula has never been equalled. Its low cost and quick results have made it immensely popular.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

## SOCIETY

## BIRTHDAY PARTY

La Verne Kniebusch entertained a number of her little friends Monday in honor of her sixth birthday at her home on North Seventh street. The children spent a pleasant afternoon playing games till the refreshment hours. The table was decorated in pink and green. A large birthday cake graced the center of the table while cunning little Easter bunnies were given as souvenirs. The guests were Frank Lundgren, Frances Rooney, Jay Orton, Celeste Long, Margaret Jones, Gladys Ash, George Benedict, Richard Schilling, Jane Adams, Mildred Kniebusch, Elizabeth, Mary and Robert Richmond.

## ENTERTAIN WOMAN'S UNION

## PROGRAM AT CHURCH

The Young People's society of the German Lutheran church on West avenue south, enjoyed a delightful program last Friday evening. A large audience was present. Refreshments were served by the Misses Mabel Elsie, Minnie Birman, Ida Peters, Freda Tinkelman and Caroline Bierman.

COLLECT \$500 ON  
PELTS OF WOLVES

STEVENS POINT, Wis., March 13.—E. W. Kurtz and C. L. Stratton, who live near Rosholt, Wis., brought to the office of the county clerk here, the largest number of wolf pelts that have ever been taken there.

There were twenty-five hides in the lot and the bounty on them will be \$500. This, together with the market value of the pelts which is from \$4 to \$5 each, will bring the total value up to \$800 or \$1,000. They also had one fox hide, and although there is no bounty on fox hides, they are worth from \$500 to \$1,000.

PUPILS DEFEAT  
BUSINESS MEN

MARINETTE, Wis., March 13.—Twelve business men suffered an inglorious defeat by as many pupils of the eighth grade of the public school of Menominee, Mich., in a spelling bee last night.

The "bee" was the result of criticism by a newspaper of the pupils' orthography. A newspaper man was the first to go down. A bank cashier and a former mayor were among those who represented the business men.

GREAT NORTHERN TO  
HANDLE MUCH ORE

ST. PAUL, Minn., March 13.—Although the extensive iron mines of Mesaba and Vermilion ranges will not be in active operation for three or five weeks, depending upon the opening of navigation at the head of the lake, the Great Northern railroad is preparing to handle about 17,000,000 tons, the largest amount of iron ore moved by any railroad in one year.

## Prescription for Kidneys

The following simple prescription works wonders for sick kidneys, liver or bladder: Buy from any good druggist one-half ounce Murax compound in original sealed package, one-half ounce fluid extract Buchu, six ounces good, pure gin. (Be sure to get the genuine Murax compound in original sealed wooden package.) Mix and take one to two teaspoonfuls three times a day after eating.

Pain in the back, frequent or highly colored urination, scalding urine, rheumatic pains in the joints, puffiness under the eyes, dimmed vision, dizziness, are signs of kidney trouble which should be given prompt attention to prevent serious consequences. Bright's disease, chronic rheumatism or diabetes.

## URGES CITY OWNERSHIP

MADISON, Wis., March 13.—(Special.)—Mayor J. S. Konkell of Superior advocated municipal ownership of street railways, particularly for his home city, in a hearing before the senate committee on corporations yesterday afternoon.

Mayor Konkell supported Senator Linde's bills to permit the acquisition of such lines without the intervention of three years prior to the expiration of existing franchises.

## DISAGREE ON BILL

MADISON, Wis., March 13.—(Special.)—The assembly committee on judiciary was unable to agree on any recommendation to the assembly on the divorce counsel bill and it was reported back to the assembly this morning without recommendation.

The bill that was pending before the committee asked for the repeal of the law, which was enacted by the legislature two years ago.

## Keeping the Body in Repair

*Nature intended that the body should do its own repairing—and it would do so were it not for the fact that most of us live other than a natural life.*

Nature didn't intend that we should wear corsets, tight collars or shoes, nor live in badly ventilated and draughty houses, nor eat and drink some of the things that we do, nor ride in street cars when we should walk.

The consequence is that the body when it gets out of order must look for outside help to make the necessary repairs.

For weak stomachs and the indigestion or dyspepsia resulting, and the multitude of diseases following therefrom, no medicine can be more adaptable as a curative agent than **DR. PIERCE'S GOLDEN MEDICAL DISCOVERY.**

RECEIVES PICTURES  
FOR HIS LECTURE

The Rev. T. Stanley Oadams received a magnificent set of pictures today from New York for his Palm Sunday evening picture-sermon at the First Methodist church. The views are beautifully colored and are from the collection of a traveler of repute who furnishes the data for the descriptions. The views set forth the elaborate processions and ceremonies in modern Jerusalem at Easter time, and this study of Jerusalem is arranged with special reference to the last days of Jesus, Palm Sunday and the elaborate festivities now in progress in the Holy City.

## NATURE'S WARNING

La Crosse People Must Recognize and Head It

Kidney ills come mysteriously. But nature generally warns you. Notice the kidney secretions. See if the color is unhealthy—If there are settlements and sediment.

Passages frequent, scanty, painful. It's time to fear serious kidney trouble.

It's time to use Doan's Kidney Pills. Doan's have done great work in La Crosse.

William S. King, 1701 Market St., La Crosse, Wis., says: "I can still say that Doan's Kidney Pills are a reliable kidney medicine and I gladly confirm all I said in their praise in October, 1908. At one time my kidneys were badly disordered and the kidney secretions were unnatural and irregular in passage. I had acute attacks of backache and sometimes was hardly able to get around. One day Doan's Kidney Pills were brought to my attention, and a friend urged their use so strongly that I got a box. They drove away my trouble and I am now in good health."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.—Advertisement.

SOCIAL DEMOCRATS  
PASS RESOLUTION

The following resolution was passed at a meeting of Branch 1 of the social democrats last evening:

Whereas, failure of the city clerk of La Crosse to extend courtesies that have been usual in other Wisconsin cities has resulted in the socialists' candidates for mayor, city treasurer and tax commissioner being left off the printed ballot for primaries to the detriment of workmen and the advantage of the city hall gang; and

Whereas, recent newspaper agitation and a Bijou mass meeting has demonstrated that the trust and bank controlled forces of the city have united to stampede the public to vote for a mayoralty candidate whose record has not been ideal toward labor; and

Whereas, most of the candidates being boosted are controlled by secret orders or bank organizations whose financial interests are not the interests of a majority of the citizens of La Crosse who wish a healthy, happy and moral city; therefore, be it

Resolved, that we, the social democratic party, request all good citizens who wish a city fit to raise a child in, and who believe in equal opportunity to all, to prove the intelligence of the working class vote by writing in the following candidates' names at the primaries:

Mayor, R. C. McCaleb; treasurer, C. A. Noetzelman; tax commissioner, John Marquet; and to vote for all candidates below whose names appear the following designation of principles: "Partisan: public ownership; people's control."

**5c—ALL SEATS—5c****FIRE IN WESTERN UNION BUILDING**

Slight Loss in Blaze Which Starts in Basement; Smoke Fills Offices

About \$125 damages was done by fire which broke out in the basement of the Western Union office building at Third and Main streets at 8:10 a. m. today. The fire started near the furnace and was discovered by Mrs. J. A. Kaeppler, wife of the general manager of the La Crosse Western Union office, who was working at a machine. She saw the smoke creeping through a crevice in the floor and at once turned in the alarm. Mr. Kaeppler attempted to go into the basement but was driven back by the smoke. He then tried to open the company safe to secure some valuable papers but the smoke poured into the office with such volume that he was driven out of doors. The fire department responded from Central station and after about twenty minutes work extinguished the flames which were pouring through the basement windows.

C. A. Krebaum, whose offices are located on the second floor, was driven out by the smoke and sustained a loss of about \$25. The meeting hall of the La Crosse Stationary Engineers is situated on the third floor but no damage was done there. The office force of the Western Union was back at work within half an hour from the time the fire was discovered.

**THOMPSONS TO VISIT THE PANAMA CANAL**

Captain and Mrs. W. A. Thompson left La Crosse today for an extended trip in the east and to the Panama canal. They will sail for the isthmus from New York next week on the government steamer "Colon" and will spend several weeks inspecting the greatest engineering feat of history. Mr. and Mrs. Thompson will be the guests of General Alec McKenzie, former chief engineer of the United States army, on their trip through the canal zone. Gen. McKenzie is the man who recommended Engineer Goethals to President Roosevelt as the man best able to dig the "big ditch," and naturally takes more than ordinary interest in the huge undertaking. Gen. McKenzie is well known in La Crosse, having visited here many times. Mr. and Mrs. Thompson expect to be gone several weeks.

**TO ATTEND CELEBRATION.**

Mr. and Mrs. Leonard Kleeber will leave La Crosse tomorrow noon to attend the twenty-fifth wedding anniversary celebration of Mr. and Mrs. A. L. Kleeber of Winfield, Wis. Judge Kleeber may spend a day or two visiting his brother.

**OXFORD AGAIN WINS THAMES BOAT RACE**

Cambridge Leads All the Way but Oxonians Creep to Fore in Last Desperate Spurt

LONDON, March 13.—Oxford today again won the Oxford-Cambridge boat race in the most spectacular "battle of the blues" that the historic Thames river ever saw. The time, 20:53. Oxford finished three-quarters of a boat length ahead of her ancient rival.

From the start Cambridge was in the lead, increasing her advantage to one and one-quarter boat lengths at Barnes Bridge, marking the fourth mile of the course. It was in the last one-fourth mile that Oxford spurred and she gained a lead over Cambridge only in the last few hundred yards of the race.

The Oxford rowers went wild at the finish. The Prince of Wales, an Oxonian, had a place in the umpire's boat, and he led the frantic bursts of Oxford cheers, as the dark blue oarsmen overhauled and finally led their light blue rivals in the final moments.

Cambridge came nearer winning today than at any time since 1908, when Cambridge won her last contest. Oxford now has won 39 races and Cambridge 30. That of 1877 was a "dead heat."

**PLAN A SUPREME TEST**

U. S. TESTS OF FRIEDMANN BACILLI FOR CURE OF TUBERCULOSIS TO BE MADE IN GOTHAM

NEW YORK, March 13.—The supreme test of Dr. Friedrich Franz Friedmann's anti-tuberculosis bacilli will come in New York, as soon as he returns from Canada. Fifty selected patients will be treated by him under the supervision of Doctors Anderson and Stimson of the United States Health and Marine hospital service in Bellevue hospital, and on the rest of these tests will depend whether the bacillus is to be admitted to this country or barred.

UPPER SANDUSKY, Ohio, March 13.—Dr. Otto Carl Stutz, who was treated for tuberculosis four weeks ago in Berlin by Dr. Friedmann, discoverer of a new treatment for tuberculosis, arrived home today, increased in weight and confident he has been cured.

**PROGRESSIVE LAWS PASS AT OLYMPIA**

OLYMPIA, Wash., March 13.—Bills providing a minimum wage and mothers' pensions today only await the signature of Governor Lister to become law. The governor will sign both.

The minimum wage bill provides for an industrial welfare commission of five which shall set the minimum wage employers in Washington state may pay employees. It is expected they will set the figure at \$12 a week.

The mothers' pension bill provides \$12 a month to mothers with one child and five a month additional for each additional child. The juvenile court will administer the law.

**WOMAN BURGLAR FASHIONABLE**

**MORGAN FEEBLE AS RESULT OF ILLNESS**

Financier Shows Ravages of Attack When He Lands in Naples

**ON FAREWELL TOUR OF EUROPE**

Plans to Pay Visits to the Monarchs He Knows as He Feels He Will Not Return

NAPLES, March 13.—J. P. Morgan, perceptibly enfeebled by his latest illness, arrived at Naples today aboard the White Star liner Adriatic, and despite the strenuous protests of his relatives, friends and physicians and nurses, boarded a special train for Rome.

In Rome, it was learned from members of the party Morgan hopes to arrange an audience with King Victor Emmanuel. He will also try to see Kaiser Wilhelm in Berlin and King George in London before returning to America.

**Is Farewell Tour**

A member of the Morgan party, on landing, that Morgan, because of his recent illness and advancing years, realized that in all probability he would never again make a thorough tour of Europe and so, in spite of the protests of his relatives and physicians, had determined on a farewell leave-taking of the monarchs and solons who have been his friends.

When he landed today, Morgan clearly showed the ravages of his illness on the Nile. He was thinner than when he landed here from New York last winter, and leaned heavily on a cane, while attendants on either side supported him as he walked. His face is sunken and drawn with lines of pain.

It was with the greatest difficulty that the financier mounted the step of his private car, though helped by attendants.

**Diaz on Same Boat**

Porfirio Diaz, exiled ex-president of Mexico, said today that he would not return to Mexico. He arrived here from Egypt aboard the Adriatic, and said he intended to proceed to France. The former president said that he would remain in Europe, but would direct his efforts toward his country's welfare. By that meant that he would advise his nephew, Felix Diaz, who is a candidate for the Mexican presidency.

**GIRLS SHOW ECONOMY**

CHICAGO, March 13.—Demand for girl graduates of Lane Technical high school as June brides, it was forecast today, will exceed the supply in some such ratio as 1,000 to 1. Girls in the dressmaking and millinery establishments, who put their handwork on display today demonstrated that they can do these things:

Make an Easter hat—"exclusive style"—for 35 cents.

Make a \$40 evening gown for \$12.

Make lingerie, kimono and a hundred other things at the cost of the material.

**TO DISCUSS BUDGET**

WASHINGTON, March 13.—President Wilson, it was learned today, will be asked to "O. K." or disapprove the recent recommendations of Former President Taft for establishment of a national budget system to regulate appropriations. If Wilson approves of the budget plan, democratic leaders are considering legislation to change the method of apportioning Uncle Sam's receipts and expenditures.

**ATHLETICS IN TRAIN WRECK**

WACO, Texas, March 13.—The Philadelphia Athletics who arrived here today to play the Waco club were in a train wreck last night near Austin. The train became divided and when the front part stopped the Athletic Pullman bumped badly. Many of the players were shaken but none injured seriously.

**A Quick Retort.**

Tennessee bred two great orators in the old days—Andrew Johnson, a Democrat, once president of the United States, and Gustavus A. Henry, a Whig, known as the "Eagle Orator of the South." They ran against each other for governor, and when a long series of joint debates had reached its close Johnson addressed the Whigs in the audience. "I have spoken with the boasted eagle orator from the Mississippi river to the Unaka mountains, and as yet I see no flesh in his talons nor blood on his beak." Quick as a flash Henry was on his feet, saying, "The American eagle is a proud bird and feeds not on carrion."

**Forced Benevolence.**

"Every one speaks of your benevolence, madam, and that you provide so many needy ones with food."

"Yes, yes; when one has three daughters learning to cook at the same time."

—Filigende Blatter.

**The Baby In Church.**

During sermon time the other day a baby began to cry, and its mother carried it toward the door. "Stop," said the minister. "The baby's not disturbing me." The mother turned toward the pulpit and made the audible remark. "Oh, 'e ain't, ain't 'e? But you're a disturbin' of 'im!"—English Church Review.

**CITY MUST DRAW OUTSIDE TRADE**

\$20,000 or More Is Lost Annually by La Crosse Merchants; Puts Extra Burden on Taxpayer

"A good many people are hard to convince that it is possible to run a city on safe and sane business principles," said W. F. Adams, candidate for mayor, today.

"The same conditions exist in the government of a city and the government of any business. There is an 'overhead' or fixed expense. There are certain running expenses that vary with conditions, and there are the unusual expenses that do not come under any special classification. There is an income to be considered in connection with these items of expense, and there we have the same two financial divisions that exist in every business receipts and disbursements.

"If the receipts exceed the disbursements, we have a credit balance, and the city or business is assumed to be, and usually is, on a sound financial footing. But if the disbursements exceed the receipts, we have a loss that must be made up some way or another. In a business house this is done by borrowing money to meet the deficit, and in the case of a city, bonds are issued, which amounts to the same thing, or taxes are raised, and the burden falls on the shoulders of persons who, in the main, are in no way responsible. You, Mr. Laboring Man, must bear this burden.

"This city has an enormous amount of taxable property. La Crosse is one of the richest cities of its size in the entire country. In spite of this fact the city is bonded almost to the limit, and the tax rate is as high as it is possible for it to be legally. Why? There have been no appreciable improvements in the past few years that have demanded the expenditure of large sums of money. There have been a number of experiments that have amounted to little or nothing. Experiments are expensive either for a city or a business, and should be tolerated in neither.

"La Crosse at the present day is losing \$20,000 each year, through lack of attractions that would induce people from surrounding country to trade in La Crosse, and make La Crosse their headquarters. Think what this amount would mean to the business men of this city. Some other town is now getting this money. Why not La Crosse?

Yours for Mayor, W. F. ADAMS.

**EXAMINE STOMACH OF DEAD ADMIRAL**

No Mourners or Guard of Honor when Naval Officer Is Buried in Lowell

ROCKLAND, Wis., March 13.—Upon the report of Prof. William Whitney of Harvard of the result of his chemical analysis of the contents of the stomach of the late Rear Admiral Joseph Giles Eaton, hero of Santiago, will depend the further action of the state police. The dead officer's widow continues to insist that he was ill over a year and that the rumors that he was poisoned are "inhuman and cruel." The authorities, however, say the retired officer was ill only one day and that there are many mysterious circumstances surrounding his demise to be cleared up.

Probably never before in the history of the United States service has so distinguished an officer been buried under such circumstances as marked the interment yesterday. There was no guard of honor in the ancient Lowell cemetery; no battalion of marines stood at the "Present!" as the casket—a plain pine box—was lowered in the earth, and instead of the ruffling of drums, the three volleys of shots and the notes of "Taps" from the bugles as the earth rattled on the lid of the coffin only the whispers of strangers and the rattle of a dozen cameras in the hands of newspaper photographers broke the stillness.

The harness of the horses attached to the hearse had to be removed for use in lowering the coffin into the grave. And through the strange and almost uncanny procedure the widow stood, dry eyed, alongside of Mrs. Ralph Keyes, step-daughter of the dead fighter.

The Other Woman's Opinion. "How well she preserves her youth!" "Yes. The stuff she puts on her face must be weather proof."

**POULTRY MEN TO ASK APPROPRIATION**

Western Wisconsin Association Plan Egg Laying Contest at La Crosse County Farm School

A large number of the poultry fanciers of La Crosse county attended the annual meeting of the Western Wisconsin Poultry Raisers' association which was held in the Eagles' hall on Jay street last night. Short talks on topics of interest to poultrymen were given by experts and an exchange of general information was enjoyed.

J. E. Kirchels, O. W. Naas and William J. Fries were elected directors for terms of three years and Henry J. Poehling was elected for a term of two years to fill the vacancy caused by the resignation of Charles Hartzog. The board of directors will meet within the next week to elect the officers of the association.

Prof. F. E. Balmer of the La Crosse County Agricultural school gave a short address and reported on the egg laying contest which is planned to hold at the Onalaska school. A committee was appointed to take steps to secure an appropriation at the next meeting of the county board to finance the contest which has aroused considerable interest throughout the county.

Several members of the association gave short talks telling of their experiences with incubators this spring.

**JORDAN CHOSEN GREEN BAY HEAD**

GREEN BAY, Wis., March 13.—At the annual meeting today of the Green Bay and Western; Kewau-naw, Green Bay and Western; Iola and Northern, and Ahnapee & Western railroads, J. A. Jordan, Green Bay, was elected resident; Edgar Palmer, New York, son of the late Vice President S. S. Palmer, vice president; C. W. Cox, New York, secretary-treasurer; J. C. Truman, auditor, and F. B. Seymour, general manager. At a meeting at Hannibal, Mo., yesterday, Jordan and Palmer were elected president and vice president respectively of the St. Louis & Northern railroad.

**MITCHELL FUNERAL**

The funeral services of Arthur S. D. Mitchell, who died in Volga, S. D., March 10, was held today at the Oak Grove cemetery chapel, at 12 o'clock. Death was caused by nephritis.

Mr. Mitchell was born in Maine in 1841, and while a young man he studied law in that state. He was a resident of La Crosse about twenty-five years ago, for a short time. The body was sent here from South Dakota to the home of his brother, A. H. Mitchell, a contractor of this city.

**HAMMES FUNERAL TODAY**

The funeral of Mrs. Mary Hammes, was held at her home in Barre Mills this morning at 8:30, and later at the St. Joseph's Ridge cemetery. Rev. Father Theodore Fraling delivered a touching sermon of the character of Mrs. Hammes. Following are the pallbearers: Henry Rutz, Peter Clementz, George Hess, F. Firschim, C. Hilke and Nicholas Arentz.

**THE SECRET OF LOOKING YOUNG**

Would you like to know the secret of eternal youth?

It is just this—drive away the wrinkles and the hollow places and you need not worry about growing old.

Here is a simple recipe that has helped many a woman to look young again. Take a half pound of cocoa butter or abalone and melt it. While it is yet hot stir in two ounces of Fillene, continuing to stir until the mixture is cold. The result is a flesh food that will work wonders.

Use this daily on any part of the body, face, hands or neck by rubbing thoroughly into the skin and the wrinkles and hollow places will begin to vanish, leaving the skin with a warm and healthy glow. Fillene discourages the growth of hair. It is harmless but efficient.

Your druggist can easily obtain the ingredients for you if he does not carry them in stock.

**ALARM CLOCKS**

**VINCENT TO TALK ON SCHOOL WORK**

President of University of Minnesota on Program of Western Wisconsin Teachers' Meet

**NOTED EDUCATORS TO LECTURE**

Comprehensive Program Is Being Arranged for the Meetings on April 11 and 12

Several hundred teachers in the normal, high, graded and rural schools will attend the ninth annual meeting of the Western Wisconsin Teachers' association which will be held at the high school building in La Crosse April 11 and 12. According to the preliminary announcements which were sent out by Willis P. Colburn, president, and A. L. Halvorson, secretary-treasurer of the association, today the principal address of the meeting will be delivered by George E. Vincent, president of the University of Minnesota, who will speak on the evening of April 11 on the subject, "The New Duty of the School." President Vincent is one of the greatest educators in the United States and his lecture is certain to be of great interest not only to teachers but to parents.

A comprehensive program for both day and evening sessions is being arranged so as to include talks and lectures by some of the best known school men in Wisconsin. Teachers in all the schools will be permitted to discontinue school for the two days to attend the meetings without loss of pay and it is expected teachers from all the surrounding cities, towns and rural communities will take advantage of the opportunity to attend the lectures.

All departments of school will be discussed by experts and men and women of long experience in high school, graded, primary and kindergarten work.

Among those who will appear on the program are:

State Superintendent C. P. Cary, Madison; President F. A. Cotton, La Crosse normal; Superintendent C. G. Pearce, Milwaukee; Prof. M. V. O'Shea, University of Wisconsin; Prof. H. L. Terry, state high school inspector; Prof. H. L. Miller, university high school; and Prof. Charles L. Harper, chief clerk state department of education.

Announcement of the complete program will be made later.

**REFUSE VICE COMMISSION**

LANSING, Mich., March 13.—Refusing to concur in the action taken by the house today the senate today voted 16 to 12 to table the Glanser resolution calling for the appointment of a vice commission to ascertain the connection between low wages and immorality among working girls. Gov. Ferris had urged the adoption of the measure.

**RETREAT FOR YOUNG LADIES**

A spiritual retreat for the young lady nurses in the training school at St. Francis hospital will open Saturday evening, March 15, at 7:30 o'clock, and will close Tuesday morning, March 18. The exercises will be conducted by Father Byrne, diocesan missionary and chaplain at the hospital. Twelve lectures will be delivered during the retreat.

**TO BRING UP TOLLS**

WASHINGTON, March 13.—An intention to reopen in the extra session the fight to repeal the "free tolls" provision of the Panama canal act was declared today by Representative Sims of Tennessee. Sims asserted that in spite of the declaration in the Baltimore platform in favor of free tolls to the coastwise trade, he believes the democratic congress would repeal that provision.

**SOCIALIST TO LECTURE**

The second of the lectures in the social-democratic lecture series will be delivered by Otto F. Branstetter tomorrow evening in the Old Y. M. C. A. hall on King street. Mr. Branstetter will speak on "What is Socialism?" The lecture aims to show the practicality and logic of the socialist doctrines.

**J. H. BREWER HERE**

Joseph H. Brewer, vice president of the Kelsey-Brewer company, the firm which bought out the La Crosse Gas and Electric company, is in the city today with S. C. Schaeffer, the company's chief engineer. They spent the day looking over the property of the local utility.

**TRY "MOTHER JONES"**

"ANGEL OF THE MINES" BEING TRIED BY COURT MARTIAL FOR INCITING STRIKING MEN TO MURDER

CHARLESTON, W. Va., March 13.—"Mother" Jones, 80, "Angel of the Mines," a prisoner of martial law, on a charge of inciting murder because of speeches she made, was seriously ill today at the military camp at Pratt, where she is confined.

Today the six soldier judges are deliberating upon her fate and the fates of forty-nine miners who are alleged to have taken part directly or indirectly in the battles at the mines in which mine guards were killed.

Mother Jones, if convicted, may be stood up before a firing squad and shot, if it so pleases her judges, or she may be sent to the penitentiary for the rest of her life.

**SALT AND PEPPER SUNDAY THE LATEST**

Covering two dishes of ice-cream which he had bought in the Park store with a generous sprinkling of salt and pepper and adding vinegar and catsup to suit his taste, all of which he ate with apparent relish, a man believed to be Crombie Muro of Milwaukee created no little excitement in the big department store yesterday and caused a hurry-up call to central police station. When he was taken to police headquarters by Patrolman John Wendling he was found to be insane. Under the questioning of the police he told his name and said that he had worked on steamboats on Lake Michigan, and had come to La Crosse the early part of the week. After being taken to a cell he took off his clothes and refused to wear more than his shoes. It is probable he will be taken to Mendota tomorrow.

**TWO GIRLS SENT TO THE COUNTY JAIL**

Miss Irene Cisewski, 23, of Winona, and Miss Nellie Davis, 22, of Sparta, were sentenced to thirty days in the county jail late yesterday by Judge John Brindley after pleading guilty to a charge of frequenting saloons and roadhouses. The girls have been under the surveillance of the police for several days and their conduct finally caused their arrest. It is said that they made almost daily trips to the roadhouses with men and often returned to the city drunk. They admitted that they met their men acquaintances in saloons. They were arrested in the saloon belonging to Mat Wells on Pearl street.

**Chicago Grain Review**

CHICAGO, March 13.—Wheat was fairly steady throughout the forenoon trading today. The market was easier at the opening on bearish Liverpool cables, but held firm. July wheat advanced 1/4c over the day's opening during the morning.

Corn cables had no effect on the market, but the market was easier at the opening, lower wheat cables proving a factor. Selling pressure caused a decline of from 1/4 to 1/2c over the opening.

Oats had a steady undertone, shading slightly lower because of heavy offerings. At noon May oats was 3/4c under the day's opening and July under 1/4c.

Provisions were strong, but there was no marked advance. Shorts were buying considerable pork.

While May wheat held firm in the trading and closed on a level with the day's opening, July fell off 1/4c after noon and was 1/2c under the

### YACHTSMEN TURN DOWN SIR THOMAS

Expect Challenge from Another and Less Particular English Source

NEW YORK, March 13.—Speculative interest was keen today in yachting circles over the identity of the unnamed Englishman who is expected to challenge for a race for the America's cup. The announcement made last night after the challenge of Sir Thomas Lipton, had been rejected because he undertook to prescribe the length of both challenger and defender, limiting them to seventy-five feet, was merely that another challenge was expected within a month. Who it will come from was not even hinted at. It was intimated that Lipton knew that this challenge was coming and that he had hurried his here in order that he might have precedence.

There was unusual confidence at last night's meeting that there would be a race for the time-honored trophy under the deed of gift in 1914. There was a general undercurrent of feeling that even though the other should not materialize, the Lipton challenge would be renewed in its present form eliminating the length limitation. But most of the vessel owners in the New York Yacht club openly expressed hope that the challenge come from another source.

### GLIDDEN TOUR TO START IN MILL CITY

MINNEAPOLIS, Minn., March 13.—"Minneapolis will be the starting point of the Glidden tour," said Dr. C. E. Dutton of the American Automobile association's national committee today. Louis W. Hill of the Great Northern, is the first entrant in the 1913 tour.

The route of the tour lies with the Minneapolis organization. An attempt is being made to get the government to allow the automobiles entered in the tour to go into Yellowstone park. If this is permitted it is probable the tour will be routed to the Yellowstone, thence to Glacier park over the Park-to-Park road.

### MARQUARD SIGNS

SAN FRANCISCO, Cal., March 13.—Richard Le Marquard, otherwise Rube Marquard, accompanied by Mrs. Rube, will leave here Sunday evening for Marlin Springs, Texas, where the big southpaw will join McGraw's Giant squad for spring practice. Marquard announced this today in declaring that when he signed with McGraw just before his marriage here yesterday, he received a substantial increase in salary.

### HAVE 4-OAR CREW

MADISON, Wis., March 13.—Coach Vail of the University of Wisconsin oarsmen announced today that for the first time in ten years the Badgers will enter a four-oar crew in the Hudson regatta. The varsity and freshmen crews and the new quarter are training daily in the gym here.

### MADISON TO HAVE \$1,000,000 FIELD

Arrangements Made to Abandon Camp Randall for Stadium on Mendota

CHICAGO, March 13.—An athletic field that will cost \$1,000,000 and represent the highest development in the stadium is planned for the University of Wisconsin, according to announcement made last night when it was made known that arrangements are being made for the abandonment of Camp Randall and the purchase of a new location on the shore of Lake Mendota.

### Will Tell of Plans

These plans are being pushed by Badger students and alumni and Chicagoans will be told of the progress of the work Friday night, when Director George W. Ehler of the Madison institution will address the local University of Wisconsin club on the matter.

### To Rival Other Fields

An inclosure that will rival the mammoth structures at Yale and Harvard is provided for in the proposed scheme, the details of which are rapidly being worked out.

## SPORT NEWS

### TOMAH IN SECRET GAME AT SPARTA

Play Practice Game on Floor Supposed to Be New to Them When They Meet La Crosse

SPARTA, Wis., March 13.—The Tomah high school basketball team was in the city last night for a practice game on the Armory floor, where they will meet the La Crosse team next Friday night. Everything was kept under cover pretty well, but it was understood that they were to play a practice game against the Sparta high school team, for the purpose of getting themselves accustomed to the Armory floor. Quite a little discussion is heard on the streets as to whether the game is a legitimate and honorable move, under the agreement entered into between La Crosse and Tomah relative to the game Friday night. Nothing is known of the rules under which the game was agreed to be played here, except that it is understood the teams agreed to play at Sparta, and on a strange floor, because then both teams would be equally handicapped by the strange floor. It is said that the Assembly hall was not rented because it was desired to play the game in an entirely new room. For this reason the Armory was engaged. No spectators were allowed at the game last night and it was intended to keep the news of the game from becoming public. Surprise is expressed in some quarters that the local high school team would lend itself and its aid to such a scheme.

"We should worry," said Coach Otto Seiler of the local high school when told of the game last night at Sparta.

### BINGLES FROM THE TRAINING CAMP

MARLIN, Texas, March 13.—Johnny McGraw's pitchers are developing faster than the rest of the squad on account of the sultry weather and a poor playing field.

TAMPA, Fla., March 13.—Cubs regulars from behind clouds of smoke today criticised the work of the Yarnigans in yesterday's battle, the deciding one of the series. The Yarnigan infield worked badly and the veterans carried off the box of cigars and silver loving cup by the score of 7 to 5.

HAMILTON, Bermuda, March 13.—Continued rain and a muddy field limited the practice of the Highlanders to indoor work today. While the Regulars sought to limber up stiff muscles, Frank Chance was mapping out plans for more strenuous sessions on the field, as soon as a dry spell appeared.

AUSTIN, Texas, March 13.—Today the Mack men Regulars take on the Waco club, for one game and then continue on their barnstorming trip to the north.

COLUMBUS, O., March 13.—Arnold Houser, shortstop for the St. Louis Cardinals, will be out of the game several weeks on account of a dislocated hip. In practice yesterday Houser fell when attempting to steal a base.

WACO, Texas, March 13.—Weather is playing havoc with Manager Stovall's plans for the St. Louis Browns. Today's game at Corsicana with the Houston club was postponed because the diamond there was under several inches of water.

PENSACOLA, Fla., March 13.—The Nap Regulars are today vowing vengeance on all recruits as the result of their defeat in the first game of the season yesterday at the hands of the Yarnigans by a score of 7 to 6. Infielder Bates, a recruit, in the ninth inning, walloped one to the fence, scoring two runs and bringing victory to the youngsters.

OWENSBORO, Ky., March 13.—After a stiff workout yesterday the medicine ball was in fine condition today but about a score of Brewer athletes were nursing sundry aches and pains. Perfection of the "hook" slide was scheduled for this afternoon. The weather is ideal.
